## **Combined Operations The Official Story O:**

**Combined Operations; The Official Story of The Commandos** Hilary St. George Saunders MC, 2016-07-26 This is an astonishing absolutely absorbing account of the accomplishments of those picked men from the Royal Navy the British Army and the Royal Air Force who work with U S Rangers and others of the United Nations in what is known officially as Combined Operations or more popularly the Commandos So far as possible without giving aid to the enemy it is the complete story of the Commandos since the very beginning of their activities commencing with the experimental attacks on Norwegian islands and proceeding with more ambitious attempts on the Continent In quick succession follow highly dramatic accounts of the assault on southern Italy the evacuation of Crete the defeat of the French in Syria the daring penetration of the enemy's line in Libya culminating in the suspenseful stalking of Rommel's headquarters the assault on St Nazaire the capture of Madagascar the Dieppe raid the invasion of North Africa The book is utterly without heroics and yet is all heroism The reader marvels at the terrible efficiency the terrible simplicity the terrible courage and the awesome nonchalance of the British Royal Navy and Army and R A F men who participate in these raids The author has the true narrator's gift a style which is direct authentic episodic in a high degree and stirring from beginning to end The inspiring scenes he describes keep recurring to the reader long after the book has been laid aside
