**Education Policy** Mark Olssen, John A Codd, Anne-Marie O'Neill, 2004-06-08 Education policy is now a global matter and all the more complex for that Mark Olssen John Codd and Ann Marie O Neill do us an invaluable service in producing a carefully theorised guide to current issues and key concerns this is an important erudite and very practical book Stephen J Ball Education Policy Research Unit University of London Given the global reach of neoliberal policies we need cogent books that enable us to better understand the major effects such tendencies have Education Policy is such a book It is insightful and well written and should be read by all of us who care deeply about what is happening in education in international contexts Michael W Apple Author of Educating the Right Way and John Bascom Professor of Education University of Wisconsin Madison I really am taken with the book the range and depth of analysis are truly impressive This book is a magnum opus and everyone in the area should read it Hugh Lauder University of Bath In their insightful and comprehensive book on education policy Mark Olssen John Codd and Anne Marie O Neill wrestle with the big questions of citizenship and democracy in an age of globalization They argue that ducation policy in the 21st century is the key to security sustainability and survival The book anchored in the poststructuralist perspective of Michel Foucault traverses the whole territory of education policy not only methods and approaches of policy analysis and the dominant political perspectives that influence policy classical liberalism social democracy and neo liberalism but also those policy areas that require the closest scrutiny markets trust professionalism choice diversity and finally community citizenship and democracy This is the new policy bible for educationalists it is at once systematic provocative and instructive Michael A Peters Research Professor University of Glasgow It is rare indeed for books with such ambitious scope as this one to appear within educational scholarship This is an important book for any graduate student who is undertaking work on any aspect of education policy Education Review This book provides an international perspective on education policy and of the role and function of education in the global economy The authors present a Foucauldian perspective on the politics of liberal education within a theoretical framework necessary for the critical analysis of education policy The authors set out the analyses necessary for understanding the restructuring in education and social policy that has occurred in many countries affected by the resurgence of neo liberal political theory They examine education policy in relation to globalization citizenship and democracy The authors argue that globalization is an extension of neoliberalism and is destructive of the nation state community and democracy They show the importance of education in building strong democratic nation states and global communities based on cultural identity and inter cultural awareness This book is essential reading for students of education policy studies and social policy analysis

Confronting Educational Policy in Neoliberal Times Stephanie Chitpin, John P Portelli, 2019-01-08 This volume explores how educational policy is changing as a result of neoliberal restructuring and how these issues affect educators practice Evidence based chapters present a sharp analysis of neoliberal education policy while also offering suggestions and

recommendations for future action to bring about change consistent with more robust understandings of democracy  
 Covering issues relating to historical context philosophical assumptions policy implementation accountability teacher professionalism and standardization *Confronting Educational Policy in Neoliberal Times* critically engages the ways micro and macro neoliberal politics shapes the purposes and implementation of schooling      **Re-reading Education Policies** Maarten Simons, Mark Olssen, Michael A. Peters, 2009 This book collects studies with a critical education policy orientation and presents itself as a handbook of matters of public concern The term critical does not refer to the adoption of a particular theoretical framework or methodology but rather it refers to a very specific ethos or way of relating to the present and the belief that the future should not be the repetition of the past This implies a concern about what is happening in our societies today and what could or should be happening in the future As a consequence the contributors to the book rely on a general notion of public policy that takes on board processes practices and discourses at a variety of levels in diverse governmental and non governmental contexts and considers the relation of policy to power to politics and to social regulation Following the detailed introduction that aims at picturing the landscape of studies with a critical education policy orientation the book presents re readings of six policy challenges globalization knowledge society lifelong learning equality democracy social inclusion accountability control efficiency and teacher professionalism It seeks to contextualise these in relation to issues of current global concern at the start of the 21st century Despite the diversity of approaches this collection of critical education policy studies shares a concern with what could be called the public and its education and represents a snapshot of education policy research at a particular time      *Balancing Traditional and Contemporary Education* Roger John, 1997      **The Contemporary Challenge to American Education** , 1958      *Reconstructing the Common Good in Education* Larry Cuban, Dorothy Shipps, 2000 What constitutes the common good in American public education This volume explores the ongoing debate between those who expect schools to cultivate citizens through personal moral and social development as well as to bind diverse groups into one nation and a new generation of school reformers intent on using schools to solve the nation s economic problems by equipping students with marketable skills      Educational Policy Making and the Restoration of Democracy John A. Codd, 1991      **The Policy of the Free Hand in Education** John McKellar Stewart, 1932
