Pluralism

Pluralism is a political philosophy which holds that people of different beliefs, backgrounds, and lifestyles can coexist in the same society and participate equally in the political process (Langley, 2020)

Cultural Pluralism describes a condition in which minority groups participate fully in all areas of the dominant society, while maintaining their unique cultural identities.

Cultural Pluralism

Three Fundamental Beliefs

1. Maintain different Cultures
2. Individuals have the right to participate in all aspects of society
3. Each culture should be respected

Modern Definition of Pluralism

A truly plural society would be one in which citizens have full freedom to pursue their different values or practices in private, while in the public sphere all citizens would be treated as political equals whatever their private beliefs.
