Contemporary Thinking About Jesus:

Contemporary Thinking about Jesus, 1944 **Contemporary thinking about Jesus** Thomas S. Kepler, 1969

Contemporary Thinking about Paul Thomas Samuel Kepler, 1950 Issues in Contemporary Christian Thought

Duane Olson, Olson's clear and concise overview roots contemporary questions firmly in Christian responses to the Enlightenment. He discusses the range of contemporary opinions, their rationales, and what's at stake. Olson illustrates these alternate frameworks as they play out in central concerns over the being of God in relation to the universe, how to understand the figure of Christ today, and the distinctively new notions of being human. Specifically geared to the novice theologian in college or seminary settings, Olson's text includes Reflection, Research Questions, Suggestions for Further Reading, and a Glossary. The Person of Christ in Modern Thought Everard Digges La Touche, 1912 **The Oxford Handbook of**

Theology and Modern European Thought Nicholas Adams, George Pattison, Graham Ward, 2013-02-28. Modern European thought describes a wide range of philosophies, cultural programmes, and political arguments developed in Europe in the period following the French Revolution. This handbook charts and explores recurring themes and approaches to this broad and complex topic, particularly with regard to Theology. **The Place of Jesus Christ in Modern Christianity** John

Baillie, 1929 **God's Autopsy and the Living Truth of Soul** Hal Childs, 2022-08-22. The Grand Narrative of Christianity that the Bible created is dead, and the Bible is silent. Does the Bible have anything relevant to say to our modern circumstances? We ask where did God come from? What happened to God? God's Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness, the invisible shared context of thought which has changed dramatically over the past three millennia. This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness, soul, visible and conscious. Our modern Western consciousness is radically different from that of antiquity when the Bible emerged. Jung's psychological philosophical insight that whenever we speak about the psyche, it is the psyche speaking about itself, leads to the realization that today consciousness has come home to itself. Beginning with preliterate polytheism, the emergence of the transcendent god Yahweh and Christ, which led directly to the Enlightenment, objective soul continues to unfold itself. How did late modernity become a topsy-turvy, quantum, virtual, digital, impersonal, and abstract world that appears to be running away from us? The answer is unexpectedly and shockingly in the Bible itself. *Jesus Christ in Modern Thought* John Macquarrie, 1990. In this long

awaited book, John Macquarrie turns to one of the few areas of Christian theology to which he has not yet devoted systematic attention: that of Christology. **College Readings in Contemporary Thought** Kendall Benard Taft, John Francis

McDermott, Dana Olaf Jensen, 1929 **The Harvard Theological Review**, 1910 **Christ in Contemporary Thought**

William E. May, 1970 **Thinking Christ** Jane Barter Moulaison, 2012-05. Jane Barter Moulaison's remarkable book engages contemporary critical understandings of Jesus Christ, including postcolonial, feminist, pluralist, ecological, and socialist, to argue

that the core convictions of traditional Christology remain a viable valuable and even indispensable witness to the gospel in an imperiled world Contemporary theology often makes a virtue of deconstructing traditional claims about the person and work of Christ Claims about the central significance of Jesus Christ appear to be oppressive intolerant and even violent Jane Barter Moulaison engages several contemporary christological critiques of classical Christology and argues that such critical theologies are not undermined by the claim of Christ's central significance but are rather radicalized by it She ably re-reads the tradition that seeks to interpret Christ's saving activity in light of several contemporary theological and political concerns In so doing she suggests that there are extraordinary resources available to those who long for political and material transformation precisely through the abandonment of spiritualized answers to Jesus' question Who do you say that I am
