Gomez-Mejia, David B. Balkin, 2003-06 Management by Gomez Mejia and Balkin has a distinctive people orientation to the field of management This approach looks at management through three different perspectives perspective of a manager team management and self management The authors focus on managing people because in the 21st century knowledge is the greatest source of competitive advantage and the major basis of valuing firms in the market Management 1e offers a blend of an organizational behavioral approach to management and a functional approach The authors believe that the traditional functions of management administering organizing controlling directing and so on remain crucial and must be carried out well for a firm to succeed However these functions now spread across different levels of the organization and are not the sole responsibility of the firm's managers Managers teams and individual employees must all be intimately involved in these various activities for a firm to succeed in increasingly competitive markets ts Management with Powerweb and Management Skill Booster Passcard Leslie W.
