**Modern Music and Musicians: Encyclopedic v. 1. The pianist's guide.;**-v. 2-3. **The great composers; critical and biographical sketches** ,1918      **The Contemporary Jazz Pianist** Bill Dobbins,1984      **The Pianist's Guide to Historic Improvisation** John J. Mortensen,2020-04-02 Keyboard artists in the time of J S Bach were simultaneously performers composers and improvisers By the twentieth century however the art of improvisation was all but lost Today vanishingly few classically trained musicians can improvise with fluent stylistic integrity Many now question the system of training that leaves players dependent upon the printed page and would welcome a new approach to musicianship that would enable modern performers to recapture the remarkable creative freedom of a bygone era The Pianist s Guide to Historic Improvisation opens a pathway of musical discovery as the reader learns to improvise with confidence and joy Useful as either a college level textbook or a guide for independent study the book is eminently practical Author John Mortensen explains even the most complex ideas in a lucid conversational tone accompanied by hundreds of musical examples Mortensen pairs every concept with hands on exercises for step by step practice of each skill Professional level virtuosity is not required players of moderate skill can manage the material Suitable for professionals conservatory students and avid amateurs The Pianist s Guide leads to mastery of improvisational techniques at the Baroque keyboard      **Contemporary Piano Repertoire** Luciane Cardassi,2004      **The Performing Pianist's Guide to Fingering** Joseph Banowetz,2021-02-09 The Performing Pianist s Guide to Fingering the much anticipated companion to Joseph Banowetz s The Pianist s Guide to Pedaling provides practical fingering solutions for technical musical passages Banowetz contends that fingering choices require much thought and consideration and that too often these choices are influenced by historical traditions and ideas rather than by actual performance conditions By returning to the unedited original compositions he strives to help the advanced pianist think through the composer s musical intent and the actual performance tempo and dynamics when selecting the fingering Banowetz also includes valuable contributions by Philip Fowke who examines redistributions by Benno Moiseiwitsch in Rachmaninoff s compositions and Nancy Lee Harper who explores the often very different approaches to fingering found in keyboard music of the Baroque era The Performing Pianist s Guide to Fingering will be useful to the

advanced pianist and to instructors looking to guide students in improving this important art     *The Musician* ,1897
