Contemporary Appliqué Julia Triston, Rachel Lombard, 2015-04-16 Appliqué is a classic embroidery technique that has recently been experiencing a revival. Appearing in the most cutting-edge contemporary textile work, it can be interpreted in many different ways: layering, patching, applying, overlaying, and offers endless creative possibilities. Each technical variation of appliqué has traditionally had its own set of boundaries, but nowadays all the rules are being broken, and the technique has become relevant up to date and suitable for all varieties of textile art. This impressive book takes a fresh look at the world of appliqué and surface embellishment, showing you how to develop distinctive and individual designs, create exciting compositions and use unusual combinations of materials. It covers the traditional variations including bonded appliqué, broderie perse, cut-away appliqué and Mola work, and explains how the standard techniques can be developed to give exciting results in your own textile work, in both hand and machine embroidery. Accompanying the techniques is a wealth of examples of contemporary appliqué to inspire you. The authors are renowned for their thoughtful, creative but practical approach to teaching textiles, making this book suitable for beginners and established textile artists alike.
