Bernard H. Ross, Myron A. Levine

Contentious City:

Democracy Deferred D. Woods, 2012-02-14 The day after the 9/11 terrorist attacks civic leaders began to organize four coalitions that aimed to give ordinary citizens a chance to meet to heal and to be heard in rebuilding decisions This book tells the inside story of the civic renewal movement they founded

The ^A Pragmatist Joseph P. Viteritti, 2017-08-03 The two main characters of Joseph P. Viteritti's *The Pragmatist* Bill de Blasio and New York City itself are used to tell the story of the rise fall and rebirth of progressivism in America's major urban center and in the process introduce us to the contributions and distractions of every mayor since La Guardia demonstrating that the road to progress was never a direct journey

Urban Politics Bernard H. Ross, Myron A. Levine, 2015-07-17 This popular text mixes the best classic theory and research on urban politics with the most recent developments in urban and metropolitan affairs Its very balanced and realistic approach helps students to understand the nature of urban politics and the difficulty of finding effective solutions in a suburban and global age The eighth edition provides a comprehensive review and analysis of urban policy under the Obama administration and brand new coverage of sustainable urban development A new chapter on globalization and its impact on cities brings the history of urban development up to date and a focus on the politics of local economic development underscores how questions of economic development have come to dominate the local arena The eighth edition is significantly shorter than previous editions and the entire text has been thoroughly rewritten to engage students Boxed case studies of prominent recent and current urban development efforts provide material for class discussion and concluding material demonstrates the tradeoff between more ideal and more pragmatic urban politics

Not Here, Not Now, Not That! Steven J. Tepper, 2011-06-15 In the late 1990s Angels in America Tony Kushner's epic play about homosexuality and AIDS in the Reagan era toured the country inspiring protests in a handful of cities while others received it warmly Why do people fight over some works of art but not others Not Here Not Now Not That examines a wide range of controversies over films books paintings sculptures clothing music and television in dozens of cities across the country to find out what turns personal offense into public protest What Steven J. Tepper discovers is that these protests are always deeply rooted in local concerns Furthermore they are essential to the process of working out our differences in a civil society To explore the local nature of public protests in detail Tepper analyzes cases in seventy-one cities including an in-depth look at Atlanta in the late 1990s finding that debates there over memorials public artworks books and parades served as a way for Atlantans to develop a vision of the future at a time of rapid growth and change Eschewing simplistic narratives that reduce public protests to political maneuvering Not Here Not Now Not That at last provides the social context necessary to fully understand this fascinating phenomenon

Bloomberg Chris McNickle, 2017-09-19 Examine the Bipartisan Legacy of a Remarkable Billionaire Politician Bloomberg A Billionaire's Ambition tells the story of how one of America's most successful entrepreneurs was elected mayor of New York City and what he did with the power he won Bloomberg's stunning victory

against all odds just weeks after the 9 11 terrorist attack left him facing challenges unlike any mayor in history For the next twelve years he kept the city safe managed budgets through fiscal crises promoted private sector growth generated jobs built infrastructure protected the environment supported society s cultural sensibilities and achieved dramatic improvements in public health Bloomberg was an activist executive who used government assets boldly and wisely for the greatest good for the greatest number of people His time as mayor was not without controversy Bloomberg supported stop and frisk police tactics that a judge ruled unconstitutional and jailhouse violence rose to levels so severe the federal government intervened The administration s homeless policies were ineffective And he forced a change in the city charter to allow him to serve a third term Overall record low crime and the lasting impact of innovative policies will cause his tenure to be remembered as a remarkable success Having returned to his global media empire and to his private philanthropy Bloomberg continues to challenge the National Rifle Association on gun control promote national education reform and support policies to combat climate change Frequently touted as an independent candidate for president Bloomberg leaves behind a legacy of effective government
