European Identities During Wars and Revolutions Salome Minesashvili, 2022-05-07 This book provides an up to date discussion of the effect of crises on European identities in the post Soviet states In doing so the book presents an original study on dynamics of European identities during four crises in Georgia and Ukraine More specifically it considers the comparative impact of two colour revolutions and wars involving Russia on European identity constructions in Georgian and Ukrainian public identity discourses studied through national mass media It compares outcomes of change and continuity during such big bang events in identity discourses and establishes scope conditions that allow or inhibit change The major finding of the study is that the selected events can indeed instigate sudden shifts in European identity discourses but only when the elite power structure also changes in such hybrid regimes as Ukraine and Georgia These changes include shifts in elite groups and in the relative power they hold in the overall power structure

The Politics of Football in Yugoslavia Richard Mills, 2018-03-30 Winner of the Lord Aberdare Literary Prize for 2018 Even before Tito's Communist Party established control over the war ravaged territories which became socialist Yugoslavia his partisan forces were using football as a revolutionary tool In 1944 a team representing the incipient state was dispatched to play matches around the liberated Mediterranean This consummated a deep relationship between football and communism that endured until this complex multi ethnic polity tore itself apart in the 1990s Starting with an exploration of the game in the short lived interwar Kingdom this book traces that liaison for the first time Based on extensive archival research and interviews it ventures across the former Yugoslavia to illustrate the myriad ways football was harnessed by an array of political forces Communists purposefully re engineered Yugoslavia's most popular sport in the tumult of the 1940s using it to integrate diverse territories and populations Subsequently the game advanced

Tito's distinct brand of communism with its Cold War era policy of non alignment and experimentation with self management. Yet even under tight control football was racked by corruption match fixing and violence. Alternative political and national visions were expressed in the stadiums of both Yugoslavias and clubs players and supporters ultimately became perpetrators and victims in the countries violent demise. In Richard Mills hands the former Yugoslavia's stadiums become vehicles to explore the relationship between sport and the state society nationalism state building inter ethnic tensions and war. The book is the first in depth study of the Yugoslav game and offers a revealing new way to approach the complex history of Yugoslavia. *American Trail Series*, 1922 **The Handbook of Jamaica for ...**, 1924 *The Tragedy of Russia in Pacific Asia* Frederick McCormick, 1909 **The Overland Monthly**, 1910 History of Windham County, Connecticut Ellen D.
