Between Levinas and Lacan Mari Ruti, 2015-07-30 Levinas and Lacan two giants of contemporary theory represent schools of thought that seem poles apart in this major new work Mari Ruti charts the ethical terrain between them even as Ruti outlines the major differences between Levinas and Judith Butler on the one hand and Lacan Slavoj Žižek and Alain Badiou on the other she proposes that underneath these differences one can discern a shared concern with the thorny relationship between the singularity of experience and the universality of ethics from back cover

Laclau Simon Critchley, Oliver Marchart, 2012-12-06 Laclau A Critical Reader is the first full length critical appraisal of Laclau's work and includes contributions from several leading philosophers and theorists The first section examines Laclau's theory that the contest between universalism and particularism provides much of the philosophical background to political and social struggle taking up the important place accorded to amongst others Hegel and Lacan in Laclau's work The second section of the book considers what Laclau's radical democracy might look like and reflects on its ethical implications particularly in relation to Laclau's post Marxism and thinkers such as Jürgen Habermas The final section investigates the place of hegemony in Laclau's work the idea for which he is perhaps best known This stimulating collection also includes replies to his critics by
