Continuing Education Of Reference Librarians:

Continuing Education of Reference Librarians William A. Katz, 1990 Here is a crucial book on the neglected issue of continuing education of reference librarians For librarians seeking to enhance and maintain a high level of quality reference work and for managers who must assure that their staffs receive the basics in continuing education this is essential reading Continuing Education of Reference Librarians addresses the concerns of all librarians that they must be informed and educated in order to excel in their work In the first several chapters of this comprehensive volume on the job librarians focus on the increased need for nontraditional approaches to continuing education and training of reference staff They offer practical ways of making additional training both useful and relatively easy to carry out within the library setting Teachers of reference offer suggestions for contending with current formal courses and they also examine the responsibilities of not only the reference librarian but also the bibliographer and faculty member in staying abreast of current trends Also in this broad based look at continuing education is a list of critical skills most librarians expect of their reference people including reference interview techniques mastery of basic reference sources and an understanding of new technologies a review of the most revolutionary change in teaching reference librarianship in the last 100 years the online search and a discussion on ethics including the need for librarians to be aware of the basic documents of the American Library Association and more importantly the need to treat all library users equally in terms of access and service regardless of status and personal prejudice Continuing Education of Reference Librarians focuses on specific types of training for librarians Authorities explain pioneering programs in California and Maryland which deal with teaching basic reference tools to beginning librarians and paraprofessionals They also discuss the role of multitype networks in continuing education as the most cost and time efficient means available today and the use of self directed contract learning as a method that requires long term planning and rewards in contrast to the immediate results of a short term plan of education The management perspective of continuing education is also included Working library directors offer their observations on sound inspirational approaches to continuing education They also examine the critical role department heads play as mentor to beginning reference librarians

Continuing Education of Reference Librarians Bill Katz, 2019-12-06 This book first published in 1990 addresses the concerns of librarians that they must be informed and educated in order to excel in their work It focuses on specific types of training for librarians Authorities explain pioneering programs in California and Maryland which deal with teaching basic reference tools to beginning librarians and paraprofessionals They also discuss the role of multitype networks in continuing education as the most cost and time efficient means available today and the use of self directed contract learning as a method that requires long term planning and rewards in contrast to the immediate results of a short term plan of education The management perspective of continuing education is also included Working library directors offer their observations on sound inspirational approaches to continuing education They also examine the critical role department heads play as mentor

to beginning reference librarians Continuing Education for Librarians Carol Smallwood, Kerol Harrod, Vera Gubnitskaia, 2013-01-30 It is an exciting time to be a librarian Advances in technology have let libraries expand far beyond walls and lead the way in information delivery while transforming the physical library into a place where customers can connect to information in new ways It is also a challenging time to be a librarian With continual change as the new normal staying current can seem overwhelming Even as they face budget shortfalls and staff reductions librarians are tasked with finding the time and resources to keep abreast of rapid changes This book offers a cornucopia of practical advice about how to acquire new skills and formal and informal credentials through all stages of a career The 27 essays cover formal and online education conferences fellowships workshops networking teaching mentoring balancing personal with professional lives and money matters and are filled with practical honest and real world advice **Continuing Professional Education in Librarianship and Other Fields** Mary Ellen Michael, 1975 **Continuing Professional Education and IFLA** Blanche Woolls, 2013-02-18 No detailed description available for Continuing Professional Education and IFLA *Resources in Education*, 1991 **A Plan for Library Support of Off-campus Continuing Education Courses** Gerard B. McCabe, Connor D. Tjarks, 1979 Library Staff Development and Continuing Education Barbara Conroy, 1978 Library science monographic on a learning programme for continuing education and further training of librarians covers planning implementing and evaluation of learning programmes emphasizing the selection of training personnel and teaching and training materials teaching methodology evaluation techniques relating to data collecting and data analysis etc Bibliography pp 277 to 289 diagrams and references **Library Data** Darby Orcutt, 2009-11-19 Numerical evidence is everywhere and how best to handle and leverage it is a growing concern in the academic world in general and the academic library world in particular Libraries are not only storehouses and key contacts for library patrons in accessing numbers but are also collectors and users of their own data which is integral to the functioning of the library itself The essays in *Library Data Empowering Practice and Persuasion* focus on interpreting and using library generated and outside data in support of data driven practice and data strengthened persuasion The collection includes such topics as how to make data presentations appealing and effective applying capital budgeting models to libraries and using data for evaluation and improvement of collections and services Articles also cover specialized scenarios including reference collection development serial acquisitions institutional repositories web site design interlibrary loan and bibliographic instruction Continuing Education Needs of Special Librarians Lawrence A. Allen, Special Libraries Association. Research Committee, 1974 Literature survey of educational research relating to the continuing education needs of specialized librarians and selected professional workers includes a bibliography pp 39 to 53 **Continuing Education for Librarians** J. L. Sardana, 1984 *Guidelines for Quality in Continuing Education for Information, Library and Media Personnel* American Library Association. Continuing Education Subcommittee, 1988 **Continuing Education for Librarians** Noragh Jones, 1977 **Continuing Education**
