Contra Marcellum Marcellus Of Ancyra And Fourth Century Theology:

Contra Marcellum Joseph T. Lienhard, 1999 This book examines the Arian controversy of the fourth century from one well defined angle Marcellus and his influence **Contra Marcellum** Joseph Thomas Lienhard, 1986 *Tradition and the Rule of Faith in the Early Church* Alexander Y. Hwang, 2010 The meaning of tradition is broad It can refer to the deposit of faith or the Apostolic Tradition to Scripture as the most perfect expression of what is handed over from Christ or to the disciplinary and liturgical practices of the Church It can also refer more broadly to those theological and doctrinal teachings inherited by one generation of ecclesiastical writers and passed on to another generation of theological heirs The Fathers themselves were always acutely aware of the traditions they stood within and especially of their relation to the Apostolic Tradition Tradition and the rule of faith are particularly apt themes for this collection of studies The essays are written in honor of Joseph T Lienhard S J renowned American patristic scholar whose research and writings have focused on this particular theme The volume brings together some of the most prominent scholars from the U S and abroad specializing in different areas of patristic studies to address tradition and the rule of faith ABOUT THE EDITORS Ronnie J Rombs is assistant professor of theology at the University of Dallas He is the author of *St Augustine and the Fall of the Soul* and coeditor of *Exodus Leviticus Numbers and Deuteronomy* Alexander Y Hwang is assistant professor of historical theology at Louisville Presbyterian Theological Seminary and author of *Intrepid Lover of Perfect Grace The Life and Thought of Prosper of Aquitaine* CONTRIBUTORS Jonathan J Armstrong D Jeffrey Bingham J Patout Burns Brian E Daley S J Everett Ferguson Alexander Y Hwang Joseph F Kelly Thomas F Martin O S A Sara Parvis Ronnie J Rombs Thomas Scheck A Edward Siecienski Kelley McCarthy Spoerl Kenneth B Steinhauser Roland J Teske S J Frederick Van Fleteren Gregory of Nazianzus' Soteriological Pneumatology Oliver B. Langworthy, 2019-12-16 Oliver B Langworthy examines the interaction of soteriology and pneumatology in Gregory of Nazianzus thought He shows that this interaction Gregory s soteriological pneumatology is a coherent significant but under examined area of Gregory s thought His study engages in a chronological treatment of a wide range of Gregory s prose and poetic works This allows for the particular character of Gregory s soteriological pneumatology to emerge notably his emphasis on the experience of the Spirit The result is a more complete and nuanced picture of Gregory s theological investment in a divine and truly holy Spirit that is operative in the salvation of the believer Ignatius of Antioch and the Arian Controversy Paul Gilliam III, 2017-06-01 In *Ignatius of Antioch and the Arian Controversy* Paul R Gilliam III contends that the legacy of the second century martyr Ignatius of Antioch was one battleground upon which Nicene and Non Nicene personalities fought for their understanding of the relationship of the Son to the Father It is well know that Ignatius views continued to live on into the fourth century via the long recension of his letters Gilliam however shows that there was much more to Ignatius fourth century presence than the Ignatian long recension **Eusebius** Aaron P. Johnson, 2013-12-17 Eusebius of Caesarea 263 339 CE is one of the most important intellectuals whose writings survive

from late antiquity His texts made lasting and wide ranging contributions from history writing and apologetics to biblical commentary and Christian oratory He was a master of many of the literary and scholarly traditions of the Greek heritage Yet he left none of these traditions unaltered as he made brilliant and original experiments in the many genres he explored Aaron P Johnson offers a lively introduction to Eusebius chief oeuvre while also discussing recent scholarship on this foundational early Christian writer Placing Eusebius in the context of his age the author provides a full account his life including the period when Eusebius controversially sought to assist the heretic Arius He then discusses the major writings apologetic treatises the pedagogical and exegetical works the historical texts the anti Marcellan theological discourses and expositions directly connected to the Emperor Constantine *Hilary of Poitiers on the Trinity* Carl Beckwith,2008-10-02 Hilary of Poitiers is widely held to have combined his two separate theological works *De Fide* and *Adversus Arianos* to create his monumental *De Trinitate* Carl L Beckwith examines why and when this revision occurred situating the text in its historical and theological context as part of a broader re mapping of fourth century Trinitarian debates *Journal of Early Christian Studies* ,2000 Focus is on the study of Christianity in the context of late ancient societies and religions from C E 100 700
