Contract With America:

Contract with America Newt Gingrich, Richard K. Armey, 1994 The November 1994 midterm elections were a watershed event making possible a Republican majority in Congress for the first time in forty years Contract with America by Newt Gingrich the new Speaker of the House Dick Armey the new Majority Leader and the House Republicans charts a bold new political strategy for the entire country The ten point program which forms the basis of this book was announced in late September It received the signed support of more than 300 GOP candidates Their pledge If we break this contract throw us out Contract with America fleshes out the vision and provides the details of the program that swept the GOP to victory Among the pressing issues addressed in this important book are balancing the budget stopping crime reforming welfare reinforcing families enhancing fairness for seniors strengthening national defense cutting government regulations promoting legal reform considering term limits and reducing taxes **Contract with America** United States. Congress. House.

Committee on Ways and Means, 1995 Description of Provisions in the Contract with America Within the Jurisdiction of the Committee on Ways and Means United States. Congress. House. Committee on Ways and Means, 1995 Contract with America Rep. Newt Gingrich, 1994 Impact of Contract with America on the Territories United States. Congress. House.

The Enduring Revolution Major Garrett, 2005-02-01 To most observers including many conservatives the so called Republican Revolution of 1994 was anything but revolutionary and the Contract with America that propelled the GOP into power was just a gimmick But in The Enduring Revolution Fox News national reporter Major Garrett turns this conventional wisdom on its head revealing how the Contract with America and the Republican Revolution have changed our lives in startling ways The Republicans have fundamentally altered our approach to taxes national defense terrorism welfare entitlements health care education abortion gun control and crime among other issues Quite simply America is a vastly different place after the Contract than it was before it If you think the 2004 elections reflected a political realignment in this country think again That realignment occurred a decade earlier the Republicans victory in 1994 made George W Bush's election and reelection possible Based on exclusive interviews with more than fifty key players from both sides of the aisle and complete with more than thirty pages of crucial previously unpublished confidential documents The Enduring Revolution offers the dramatic behind the scenes story of how the Contract with America came into being and how this one document has defined American politics for a decade Garrett's exhaustive research and remarkable access enable him to tell a story that will surprise even the most seasoned political observers In The Enduring Revolution you'll learn How George W Bush and John Kerry built much of their 2004 presidential campaigns around the Contract with America How conservatives angered by the recent growth of the federal government have

overlooked critical Republican victories on spending How Bill Clinton's supposed great achievements welfare reform and a balanced budget resulted directly from the Contract with America and actually reflected his weakness as a leader How the Republican majority made the 2003 Iraq invasion possible years before our military campaign began How our intelligence community's problems in the War on Terror would have been much worse had there been no Republican Revolution Undeniably Republican leaders from Newt Gingrich to Dennis Hastert have made critical mistakes and Garrett provides the inside story on how and why those failures occurred But he also reveals how the usual focus on setbacks ignores the jaw dropping changes the Contract with America has produced The Enduring Revolution is a stunning reassessment of a crucial but misunderstood episode in our political history

Winning the Future Newt Gingrich, 2005-01-10 According to former House Speaker Newt Gingrich America currently faces five threats that could undermine if not eliminate the United States if immediate steps are not taken to correct them The threats as he sees them are Islamic terrorists and rogue dictatorships armed with nuclear or biological weapons the removal of God from American public life a loss of patriotism and sense of America's history a decline in economic supremacy because of poor science and math education and the increasing budgetary burden of Social Security and Medicare To tackle these problems Gingrich offers his 21st Century Contract with America which he outlines in great detail in this bold and thought provoking book His updated contract which comes a decade after the original Republican Contract with America that marked the high point of Gingrich's national power calls for a dramatically simplified tax code that favors savings and investment government investment in science and technology particularly regarding space energy and the environment transforming Social Security into personal savings accounts overhauling the civil justice system to reduce the burden of lawsuits and updating the federal government including the privatization of some functions so that it moves at the speed and effectiveness of the information age And that's just the beginning He also calls for tripling the size of America's intelligence community reforming its election system developing a more intelligent health care system that creates jobs and increases quality of life and balancing the federal budget Gingrich believes that this ambitious agenda can be accomplished but only if it receives grassroots support The entrenched political system with its lobbyists bloated bureaucracies and the complicity of the media is too self serving to fix itself he stresses Concise and clearly presented *Winning the Future* is long on specifics and short on rhetoric and it succeeds as a springboard for political discourse Gingrich's aim is clearly to inspire citizens to take responsibility for the country's direction by demanding more of their government and their leaders

Contract With America Rep. Newt Gingrich, 1994 To Renew America Newt Gingrich, 1995 Citing the Six Challenges that we must face as a nation he reveals commonsense solutions to the issues we care about most such as welfare balancing the federal budget shifting power from the bureaucracy to the citizenry and confirming America's leadership in the Information Age

Taking the Initiative John B. Bader, 1996 *Taking the Initiative* shows that majority party leaders in Congress have set and successfully pushed their own policy agendas for

decades revealing the Contract With America as only the most recent and certainly not the most successful example of independent policy making Cutting deeply into the politics and personalities of three decades of party leadership John B Bader probes the strategies and evaluates the effectiveness of House and Senate leaders operating in a divided government when Congress and the presidency are controlled by different political parties He provides a historical context for analyzing the Contract and shows that aggressive agenda setting has long been a regular feature of majority party leadership Bader interviewed more than seventy congressional leaders staff members party officials and political consultants including speakers Thomas Tip O Neill and Jim Wright for this book He supplemented these interviews with research in largely unexplored archival materials such as press conference transcripts notes from White House leadership meetings and staff memoranda on strategy Contract with America United States. Congress. House. Committee on Ways and Means,1995

Winning the Future Newt Gingrich,2006-05-01 America s future in the twenty first century argues Newt Gingrich will be determined by the decisions we make now His book is a grass roots call to action and will set the debate for the new administration and Congress *Contract with America* Armev Gingrich,Dr. Newt Gingrich,Dick Armev,House of Collectibles Staff,House of Collectibles,1997-08-01 **Contract with America** ,1995 Legislating the Revolution James G. Gimpel,1996 Based on interviews with over 60 members of Congress with their staff this book is an authoritative look at the background policies politics and floor voting on the ten main points of the Contract with America Gimpel gained unprecedented access to both new and veteran Congresspersons on both sides of the ideological aisle and has provided a full account of the extraordinary first 100 days **Congressional Record** United States. Congress,2007 Republican Contract with America ,1994 *Reinventing Richard Nixon* Daniel E. Frick,2008 Examining Nixon s autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon s version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon s state funeral at which Bob Dole s eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick s probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements BOOK JACKET **New York City Law Review** ,1996
