## **Contradictions Of Modern Moral Philosophy Ethics After Wittgenstein:**

The Contradictions of Modern Moral Philosophy Dr Paul Johnston, Paul Johnston, 2004-01-14 The Contradictions of Modern Moral Philosophy is a highly original and radical critique of contemporary moral theory Paul Johnston demonstrates that much recent moral philosophy is confused about the fundamental issue of whether there are correct moral judgements He shows that the standard modern approaches to ethics cannot justify or even make much sense of traditional moral beliefs Applied rigorously these approaches suggest that we should reject ethics as a set of outdated and misguided claims Rather than facing up to this conclusion most recent moral philosophy consists of attempts to find some ways of preserving moral beliefs This places a contradiction at the heart of moral philosophy As a result it is often impossible to tell whether a contemporary philosopher ultimately rejects or endorses the idea of objective right and wrong On the basis of a Wittgenstein approach Paul Johnston puts forward an alternative account of ethics that avoids this contradiction and recognises that the central issues of ethics cannot be resolved by conceptual analysis He then uses this account to highlight the contradictions of important contemporary moral theorists such as Bernard Williams Alasdair MacIntyre Thomas Nagel and Charles Taylor

**Dictionary of Wittgenstein's Philosophy** Duncan Richter, 2004 Historical Dictionary of Wittgenstein's Philosophy covers the life and work of Ludwig Wittgenstein as well as the people who have worked on Wittgenstein's ideas after his death An introductory essay list of acronyms and abbreviations chronology hundreds of dictionary entries and extensive bibliography make this an engaging reference source for students and scholars alike *The A to Z of Wittgenstein's Philosophy* Duncan Richter, 2010-02-12 Ludwig Wittgenstein 1889-1951 was undoubtedly one of the most important philosophers of the 20th century and perhaps of any century He was also a fascinating charismatic and irritating man His philosophical ability was recognized almost immediately by Bertrand Russell and during his lifetime his work influenced first logical positivism and

then ordinary language philosophy Since then it has also become central in post analytical philosophical thought Beyond the world of academic philosophy it has inspired playwrights poets novelists architects filmmakers and biographers The A to Z of Wittgenstein's Philosophy is intended for anyone who wants to know more about the philosophy and the life of this enigmatic thinker The book contains an introductory overview of his life and work a timeline of the major relevant events in and after his life an extensive bibliography and above all an A Z of ideas people and places that have been involved in his philosophy and its reception The dictionary is written with no particular agenda and includes entries on philosophers and others who influenced Wittgenstein those he influenced in turn and some of the main figures in contemporary Wittgenstein scholarship Suggestions for further reading are also included as well as a guide to the literature on Wittgenstein and a bibliography broken down by subject area

Wittgenstein's Ethical Thought Y. Iczkovits, 2012-07-06 Exploring the ethical dimension of Wittgenstein's thought Iczkovits challenges the view that Wittgenstein had a vision of language and subsequently a vision of ethics showing how the two are integrated in his philosophical method and allowing us to reframe traditional problems in moral philosophy considered as external to questions of meaning

A Custodian of Grammar Kristijan Krkac, 2013-01-22 The nature of method has always been a topic at the very heart of western philosophical traditions especially in the 20th century One of the most influential philosophers of the last century Ludwig Wittgenstein changed not just his philosophical standpoint at least twice in his lifetime but the very method of studying philosophy as well A Custodian of Grammar discusses Wittgenstein's method in his later period sometimes referred to as morphology Krkac explores this topic from the primer of morphology and proceeds to more demanding and complicated topics such as forms of life and perspicuous presentations He also examines Wittgenstein's applications of his method namely to consciousness perception and certainty This book will be of interest to Wittgenstein scholars and to students investigating various philosophical methods of philosophy from the 20th century

**Strong Evaluation Without Moral Sources** Arto Laitinen, 2008 Charles Taylor is one of the leading living philosophers In this book Arto Laitinen studies and develops further Taylor's philosophical views on human agency personhood selfhood and identity He defends Taylor's view that our ethical understandings of values so called strong evaluations play a central role The book also develops and defends Taylor's form of value realism as a view on the nature of ethical values or values in general The book criticizes Taylor's view that God nature or human reason are possible constitutive sources of value Laitinen argues that we should drop the

**Naturalizing the Transcendental** Pihlstrom Sami, 2003-07 No Marketing Blurb

**The Ethics of Forgiveness** Christel Fricke, 2011 We are often pressed to forgive or in need of forgiveness Wrongdoing is common Even after a perpetrator has been taken to court and punished forgiveness still has a role to play How should a victim and a perpetrator relate to each other outside the courtroom and how should others relate to them Communicating about forgiveness is particularly urgent in cases of civil war and crimes against humanity inside a community where if there were no forgiveness the community would fall apart Forgiveness is governed by social and

in particular by moral norms Do those who ask to be forgiven have to fulfil certain conditions for being granted forgiveness And what does the granting of forgiveness consist in We may feel like refusing to forgive those perpetrators who have committed the most horrendous crimes But is such a refusal justified even if they repent their crimes Could there be a duty for the victim to forgive Can forgiveness be granted by a third party Under which conditions may we forgive ourselves The papers collected in the present volume address all these questions exploring the practice of forgiveness and its normative constraints Topics include the ancient Chinese and the Christian traditions of forgiveness the impact of forgiveness on the moral dignity and self respect of the victim self forgiveness the narrative of forgiveness as well as the limits of forgiveness Such limits may arise from the personal historical or political conditions of wrongdoing or from the emotional constraints of the victims *Bibliografisch Repertorium Van de Wijsbegeerte* ) ,2000 Current Publications in Legal and Related Fields ,2001 *Recent Acquisitions* Ohio State University. College of Law. Library,2000 The British National Bibliography Arthur James Wells,2000 *The Book Review Digest* ,2004 *American Book Publishing Record* ,2007 **Philosophische Abhandlungen** ,1935 Forthcoming Books Rose Arny,2001 **Revista portuguesa de filosofia** ,2002 Ajatus ,2005 Ruch filozoficzny ,2000
