Contrasting Conversations Activities For Exploring Our Beliefs And Teaching Practices:

Contrasting Conversations John F. Fanselow, 1992 This book aims to help teachers and observers become more aware of their own teaching and to inspire them to find alternatives for themselves The text is a workshop that offers a variety of activities to choose from Part one focuses on activities that encourage participants to open their minds to new possibilities Part two includes activities that are not the ends but the means to discovering new ideas **Understanding the Language**

Classroom S. Gieve, I. Miller, 2005-11-30 The starting point for this collection is a chapter by Dick Allwright on the language learning and teaching classroom experience entitled Six Promising Directions in Applied Linguistics The other distinguished contributors respond to this discussion with their own interpretations and from their own experience The collection problematizes prescription efficiency and technical solutions as orientations to classroom language learning Complexity and idiosyncrasy on the other hand are recognized as central concepts in a move towards centralizing teachers and learners own understanding of classroom life in the contexts of language learning adult literacy education and language teacher education

Talking, Listening, and Teaching Thomas S. C. Farrell, 2009-08-12 Using examples from real classrooms this insightful book demonstrates how gathering and analyzing data about patterns in verbal and nonverbal classroom communication can boost the learning process *Handbook of Research on Critical Thinking Strategies in Pre-Service Learning Environments* Mariano, Gina J., Figliano, Fred J., 2019-01-25 Learning strategies for critical thinking are a vital part of today's curriculum as students have few additional opportunities to learn these skills outside of school environments Therefore it is of utmost importance for pre service teachers to learn how to infuse critical thinking skill development in every academic subject to assist future students in developing these skills The Handbook of Research on Critical Thinking Strategies in Pre Service Learning Environments is a collection of innovative research on the methods and applications of critical thinking that highlights ways to effectively use critical thinking strategies and implement critical thinking skill development into courses While highlighting topics including deep learning metacognition and discourse analysis this book is ideally designed for educators academicians researchers and students **Resources in Education**, 1994 *Second-language Classroom*

Interaction Ann C. Wintergerst, 1994 This book analyzes teacher and student interaction in the context of twelve ESL lessons with the purpose of exploring the extent of student language output Research has confirmed that teacher speech dominates the second language classroom Not surprisingly teacher talk has been investigated in numerous studies but student talk has been largely overlooked this study addresses that imbalance Questions are one means of engaging student attention promoting verbal responses and evaluating student progress They facilitate interaction by establishing the topic the speaker and the respondent However as the author shows some teacher questions encourage communication while others inhibit it In this analysis of teacher and student questions and answers Professor Wintergerst offers new perspective on second language development and classroom learning in general BOOK JACKET Title Summary field provided by Blackwell North America Inc
