R. Kelode,2025-07-18 **The Political Economy of a City-state Revisited** Linda Low,2006 The book gives an insight of
how Singapore is government made in its growth and development It uses a political economy approach to analyse how a
small open city state through market supporting public policies has managed to overcome many economic and socio political
odds Shared Responsibilities, Unshared Power Khai Leong Ho,2003 The book offers a critical analysis of the political
dynamics that shape Singapore s public policies It suggests that policy making in Singapore involves a complex process of
interaction among political institutions and that the distribution of power among these institutions is hierarchical and
precarious Thus the book argues the contestation of political interests occupies a central position in these stratified
interactions and this has been largely responsible for the types of policies and their impact Subject Catalog, 1980 Library
