Control And Treatment Of Industrial And Municipal Stormwater:

The Control and Treatment of Industrial and Municipal Stormwater Peter E. Moffa, 1996 The Control and Treatment of Industrial and Municipal Stormwater Edited by Peter E Moffa EPA's National Pollutant Discharge Elimination System NPDES permitting program was expanded in 1990 to include stormwater discharges The broader NPDES regulation mandates that municipal drainage operations industrial plants and construction sites in large urban areas do the following 1 identify potential sources of pollution resulting from their activity 2 develop site maps to detail possible stormwater runoff areas 3 take preventive measures to control pollutants from entering waterways 4 monitor runoff and 5 record these procedures to ensure compliance If you are in charge of fulfilling the requirements of this regulation your task becomes a lot easier when you rely on The Control and Treatment of Industrial and Municipal Stormwater Written by experts in stormwater technology this one of a kind resource not only gives you the letter of the law in this area but also the practices and methodologies needed to comply with it The book first gives you a concise overview of the NPDES including its priorities and goals the types of facilities that must obtain stormwater permits the kinds of permit applications and permit terms and conditions It then details the steps involved in putting together a stormwater management model that can be used to determine the level of pollutants in the system before and after storms With the aid of the model you will have the tools to accurately assess the physical chemical microbial and aesthetic impacts of runoff into rivers lakes streams estuaries and other waterways Finally the book highlights the management control techniques you will need to correct water pollution problems including watershed area technologies and practices source treatment flow attenuation and storm runoff infiltration strategies Complete with extended case studies that demonstrate how these methodologies work in the real world The Control and Treatment of Industrial and Municipal Stormwater is your best choice for ensuring effective stormwater pollution remediation and legal compliance
