Podcasting for Trainers and Educators, Digital Short Cut Nandini Shastry, David P. Gillespie, 2003-09-11. This is the eBook version of the printed book **PODCASTING FOR TRAINERS AND Educators A Digital SHORCUT** By Nandini Shastry and David Gillespie. In many ways, trainers, educators, professors, teachers, instructors, SMEs, or course developers, whatever your title may be, if you are responsible for any knowledge transfer process, you are the people leading the way for corporations and educational institutions to forge into the new century. By learning about new technologies and learning and adapting them to our workplaces and our personal lives, we change the mindset, not to mention the productivity of the lives of those around us. At one time, it was the IT Department who were considered First Tier Adopters when it came to technology. Now, educators of all types have stepped into this role as well; we must learn it before we can teach it. It is our belief that podcasting is the next wave of technology that corporations and educational institutions can immediately use to solve a host of training and business problems. This book aims to show you, the educator, whatever your title may be, how you'll learn what podcasting is, how to use it, what tools you'll need, free or inexpensive tools as well, how to leverage podcasts in your own place of work, and much more, in easy-to-understand, non-technical terms. You'll also find in this book simulation tutorials and demos, free resources, free templates, sample communications for buy-in at your place of work, video testimonials from existing trainers, teachers, and professors.
