Mastering AI Tools and Techniques Ernest R. Tello,1988 This book is focuses on AI Artificial Intelligence as well as its impact on such practical areas as advanced user interfaces intelligent data management and knowledge acquisition In this pages you will learn What AI is and how to put AI to work for you Which AI tools currently exist how they work and what you can do with them The fundamentals of natural language and decision modeling systems How to develop an expert system Advanced AI concepts including truth maintenance planing systems understanding and machine learning AI programming and AI programming languages including LISP Prolog and Smaltalk **Global Book Movements** Evelyn Saxon,AI,2025-05-06 Global Book Movements examines how literary movements spread across borders transforming world literature It explores the catalysts behind these shifts the impact of translation and the cultural adaptations that occur as

ideas take root in new environments. Notably literary movements aren't just replicated; they blend with local traditions in a process of creolization that challenges traditional notions of literary influence. The book highlights the agency of writers and readers in shaping the global literary landscape. The approach involves case studies of movements like Romanticism, Modernism, and Postcolonial literature, analyzing their origins, characteristics, and transformations in various cultural contexts. It acknowledges the roles of colonialism, globalization, and evolving communication technologies in facilitating or hindering the circulation of ideas. The book progresses by first introducing core concepts and then delving into specific examples, culminating in a theoretical framework for understanding global literary exchange.

FGCS '92, 1992 Marketing Tourism and Hospitality Richard George, 2025-04-09

This second edition of this comprehensive textbook explores the fundamental principles of marketing applied to tourism and hospitality businesses, placing special emphasis on SMEs in the international tourism industry. It includes examples from a wide range of destinations, from emerging markets to high-income countries. Taking a comprehensive approach, the book covers the whole spectrum of tourism and hospitality marketing, including destination marketing, marketing research, consumer behaviour, responsible tourism, marketing and digital and social media marketing. Practical in focus, it gives students the tools, techniques, and underlying theory required to design and implement successful tourism marketing plans. Written in an accessible and user-friendly style, this entire industry textbook includes case studies drawing on the author's experience and real-life examples. Revised and expanded throughout, it covers Advances in AI, robotics, and automation; Digital marketing; electronic customer relationship management (eCRM) and uses of user-generated content (UGC). New and updated content and discussion questions for self-study and to use in class. A new chapter on responsible tourism marketing and sustainable approaches to marketing. Consumer behaviour in tourism and the effects of climate change and changes in consumer attitudes. New trends in tourism and hospitality marketing. New in-depth real-life case studies and industry insights throughout the book. Along with key concepts and theory definitions, key summaries and discussion questions, accompanying online flashcards and PowerPoint slides for lecturers, this textbook is ideal for undergraduate and postgraduate students looking for a comprehensive text with a practical orientation.
