The

Social Soul Robert Napoli, 2022-03-16 The Millennial and GenZ generations understand social media. They have grown up in an age of hyperconnectivity but many don't do a great job at understanding or blending their social presence effectively as a tool to show who they are, their why, their value, and the impact they can create as job candidates or as business owners. I call this our Social Soul. It's how we show our true authentic selves online with intentionality. It shows an individual's love and passion for what they do and the value they offer to their various networks of friends, current and potential colleagues, prospective partners, managers, direct reports, or investors. For entrepreneurs, the most effective way to use social selling isn't obvious even if they have come of age in a hyperconnected world. This book will educate and inspire readers to take action on the most powerful and useful social networks to date. You will learn through thoughtful examples applicable to future platforms that can be used to better connect in pursuit of entertainment, clients, networking, and business success in a way that translates across cultural borders. [Make LinkedIn Work for You: A Practical Guide for Lawyers and Other Legal Professionals](#)

Allison Shields, Dennis Kennedy, 2019-11-22 Make LinkedIn Work for You isn't just a how-to on using LinkedIn; it delves deeper into creating a strategic approach to your use of LinkedIn based on who you are, where you are in your career, and what you want to accomplish on LinkedIn, and prompts you to ask questions like: What are you hiring LinkedIn to do for you? How do you make yourself discoverable within your network? How do you bring the real world into LinkedIn and LinkedIn into the real world? How do you want to communicate with your network? The book focuses on the three parts of your LinkedIn presence that you must understand well: Profiles, Connections, and Participation. We have long called these the essential building blocks of LinkedIn. In many ways, the three blocks notion is our fundamental insight in this book. If you understand and get these blocks right, you will get LinkedIn and should find it a valuable use of your time.
