Role of Higher Education Institutions in Achieving Sustainable Development Goals Sri Sairam College of Engineering,2022-08-01 Contains papers related to Role of Higher Education Institutions in Achieving Sustainable Development Goals **Creating Digital Literacy Spaces for Multilingual Writers** Joel Bloch,2021-01-27 This book argues for the value of digital literacy in the multilingual writing classroom Against the background of huge changes in literacy practices prompted by online communication and a growing acceptance of a broader definition of academic literacy that encompasses multimodality the book examines the relationship between digital and print literacies and addresses the design of literacy spaces for multilingual classrooms The author critically evaluates the latest developments in the use of technology in multilingual writing spaces and focuses on the role of teachers in their design it also addresses areas that are not often discussed in relation to multilingual students from blogging to publishing and intellectual property The book will help teachers meet the challenges created by rapidly shifting technology as well as making an innovative contribution to research on multilingual writing classrooms **Ai Weiwei, Spatial Matters** Weiwei Ai,Anthony Pins,2014 This book draws on the full breadth of Ai Weiwei s architectural installation and activist work including

drawings and plans from huge range of international projects with particular emphasis on his use of space Throughout the book a wide selection of essays by leading critics and art historians as well as interviews with the artist draw out his central concerns Jacket **Ai Weiwei** Urs Stahel,Daniela Janser,2011 Ai Weiwei is a conceptual artist highly critical of society and dedicated to the creation of and friction between realities Interlacing presents the complexity of Weiwei s oeuvre through blogs critical essays and hundreds of photographs **Modernisation of Chinese Culture** Jana S. Rošker,Nataša Vampelj Suhadolnik,2013 The editors are grateful to the Chiang Ching kuo Foundation for its generous support of their research work which enabled them to publish the present book The present book carefully maps the Chinese modernisation discourse highlighting its relationship to other similar discourses and situating it within historical and theoretical contexts In contrast to the majority of recent discussions of a oeChinese development model that tend to focus more on institutional then cultural factors and are more narrowly concerned with economic matters than overall social development the book offers several important focal points for many presently overlooked issues and dilemmas The multifaceted perspectives contained in this anthology are not limited to economic social and ecological issues but also include political and social functions of ideologies and cultural conditioned values representing the axial epistemological grounds of modern Chinese society 2011 was the 100th anniversary of the Xinhai Revolution The centennial is relevant not only in terms of state ideology but also plays a significant role within academic research into Chinese society and culture This historic turning point likewise represents the symbolic and concrete linkages and tensions between tradition and modernity progress and conservatism traditional values and the demands for adjustment to contemporary societies The book shows that Chinese transition from tradition to modernity cannot be understood in a framework of a unified general model of society but rather through a more complex insight into the interrelations among elements of physical environment social structure philosophy history and culture
