**Samuel Rawson Gardiner and the Idea of History** Mark Nixon, 2011 Samuel Rawson Gardiner 1829 1902 is the colossus of seventeenth century historiography His twenty volume history of Britain from 1603 to 1656 and his many editions of key texts still serve to underpin almost all study of the Civil Wars and of the Commonwealth and Protectorate Yet despite his importance his work has often been reduced by historians of historiography to simple caricature in which his personal politics and his denominational allegiances got the better of his worthy empiricism This book seeks to challenge the inadequate view of him and his work offering a rich contextualisation by locating his writings within a wide range of literary and philosophical milieux British and continental European In so doing it not only suggests new ways of looking at Victorian historiography in general but also proposes a new approach to the growing history of historical writing      **The Camden Miscellany** Royal Historical Society (Great Britain), 1971      **Camden Miscellany** Royal Historical Society (Great Britain), 1948      Camden Miscellany, 1910      **Camden Miscellany**, 1955      **The Camden Miscellany** Royal Historical Society (Great Britain), 1859
