Hurricane Camille ,1969 **Tennis with Camille** Thomas J. Caulfield,2014-06-20 As my trip into fate continued we arrived at the tennis court parked got ourselves onto the last court and began trying to hit the ball over the net We did not do very well The ball went into the net more than over it The ball went over the high fencing surrounding the courts more than it went over the net We were engaging in a true exercise in humility We persisted in this manner for about fifteen minutes and then it happened At one point I cant recall why but I looked up at the far end of the courts There was a girl She entered the court area and slowly walked by all the courts as if looking for someone As she did so she approached our court which was at the end In the meantime I studied her as if she were a piece of moving art I was holding the ball and getting ready to try to serve it over the net to Ron and Orv but I paused I scanned this vision walking toward me but apparently not seeing me She wore a white sailor cap a white blouse white shorts white socks and white sneakers Her hair was dark brown almost black and she carried herself like a true aristocrat She also had a dark tan which meant she had lots of time out in the healthy sun Her back was straight and she sort of glided rather than walked *Monet and His Muse* Mary Mathews Gedo,2010-09-30 Mary Mathews Gedo s *Monet and His Muse* is a highly original work of impeccable scholarship not only because it provides the first thorough and penetrating psychobiographical portrait of the artist but also because of its unusual focus on the profound role that the painter s first wife played in his life and art Gedo has absolute command of both the Monet literature and primary sources and here she locates the artist s wife and frequent model Camille within the imaginatively rich network of Monet s associations with the women in his life and with various conscious and unconscious symbols in his paintings But Camille was not simply a symbol Gedo examines Monet and his wife s actual marriage in all its complex and fascinating glory This book represents the crowning achievement of our country s best psycho biographer of figures in the visual arts Bradley I Collins Parsons *The New School For Design* Federal Response to Hurricane Camille United States.
