blocking your view of the stars at night On recreation gov it s impossible to know for sure exactly which campsites have the most privacy or are farthest away from the neighbors Some campsites look like they re too close together but they have a hill rock formation or lots of vegetation in between and have plenty of privacy Other sites look like they re far apart but they re in an open meadow in clear view of the neighbors You might end up reserving a space you thought had lots of privacy only to discover your neighbors are a little too close for comfort And for first come first served campgrounds knowing the location of the really good spots means you can beat the crowds to the choice campsites That s why Kimberly and Patrick Wilkes looked at 3 416 campsites in the Eastern Sierra and Death Valley in order to find out which ones have the most privacy then they critiqued and rated each privacy worthy site The most comprehensive camping travel guide for the Eastern Sierra and Death Valley the book is the only one of its kind on the market because it describes the privacy of individual campsites not just the campground as a whole Kimberly and Patrick will help you carve out your own slice of serenity in the Eastern Sierra and Death Valley by showing you exactly which campsites are the most peaceful and private near Mammoth Lakes June Lakes Hope Valley Sonora Pass Twin Lakes Bridgeport Tuolumne Meadows Convict Lake Mount Whitney Grandview Campground Death Valley and everything in between Campers should buy this travel guide because It will reduce your risk of camping too close to a loud neighbor because it points out the campsites that have lots of elbow room When you buy this travel guide you ll know how far away a given campsite is from its neighbors While the book can t guarantee you ll be entirely out of sound s reach or that you ll never have a rowdy neighbor it ll help you find a spot that will minimize the noise meaning you re more likely to get a good night s sleep and have a peaceful visit It will make reserving a campsite on recreation gov a lot easier It will save you time because you won t have to scrutinize the map to figure out whether or not the neighboring campsite is too close or too visible You ll know which campsite is the best choice for you so that when you arrive you won t be disappointed that it s less private than you envisioned You ll find out about two campsites where you never want to pitch a tent during the monsoonal rain or risk waking up in a flood You ll know which campsites are plagued by road noise and which roadside campsites are so nice it may be worth bringing along ear plugs Anglers will find out the best campsites where you can fish a few steps away from the picnic table The handy guide at the end of the book lists each of these campsites The paperback version features black and white photos of select campsites The Kindle version features color photos for Kindles that have color capability Eastern Sierra And Death Valley Camping With Privacy will save you the time of having to search for that perfect campsite because you ll know exactly which campground to visit first or which campsite to reserve online If you like privacy while camping this book will give you the peace of mind of knowing the campsite you reserved is exactly what you wanted allowing you to relax and rejuvenate in one of the most beautiful places on the planet
