Campaigning For The Massachusetts Senate:

Campaigning for the Massachusetts Senate Jerome M. Mileur, George T. Sulzner, 1974 We are currently updating our website and have not yet posted complete information for this title Many of our books are in the Google preview program which allows readers to view up to 20% of the book If this title is active in the program you will find the Google Preview button in the sidebar below **Campaign of '84** Benjamin La Fevre, 1884 *Republican Campaign Text Book*, 1924

The Roads to Congress 2012 Sean D. Foreman, Robert Dewhirst, 2013-07-10 The 2012 congressional elections played an equally vital role in determining the future course of America as the presidential race that topped the electoral ticket Readers of this book will gain insights about the formative aspects of the 2012 campaign season as well as in depth coverage of key races for Congress Exclusive to this volume are three chapters that look at important processes which impacted the campaign cycle voter suppression laws passed in nearly every state the role of Super PACs and independent expenditures in the wake of the Citizens United Supreme Court decision and the results of redistricting and partisan gerrymandering throughout the country Then the case studies follow the path of seven House and six Senate races from inception to election postmortem The chapters are both narrative and provide analysis of an array of interesting and diverse contests from throughout the country Each entry was written by one or more experts living in the state or region of the race The authors provide succinct and highly readable chapters meant to illustrate the distinctive nature of the campaigns they are examining Readers will see individual campaigns and elections up close and be able to compare and contrast one from another because of the common format employed throughout the book Taken together the chapters reveal that the roads to Congress while similar in so many ways each follow a unique route to Capitol Hill **Campaign of '84** Thomas Valentine Cooper, 1884

Focus On: 100 Most Popular English-language Film Directors Wikipedia contributors, *Catching the Wind* Neal Gabler, 2021-11-02 NEW YORK TIMES NOTABLE BOOK One of the truly great biographies of our time Sean Wilentz New York Times bestselling author of *Bob Dylan in America* and *The Rise of American Democracy* A landmark study of Washington power politics in the twentieth century in the Robert Caro tradition Douglas Brinkley New York Times bestselling author of *American Moonshot* The epic definitive biography of Ted Kennedy an immersive journey through the life of a complicated man and a sweeping history of the fall of liberalism and the collapse of political morality *Catching the Wind* is the first volume of Neal Gabler's magisterial two volume biography of Edward Kennedy It is at once a human drama a history of American politics in the late twentieth and early twenty first centuries and a study of political morality and the role it played in the tortuous course of liberalism Though he is often portrayed as a reckless hedonist who rode his father's fortune and his brothers' coattails to a Senate seat at the age of thirty the Ted Kennedy in *Catching the Wind* is one the public seldom saw a man both racked by and driven by insecurity a man so doubtful of himself that he sinned in order to be redeemed The last and by most contemporary accounts the least of the Kennedys a lightweight He lived an agonizing childhood being shuffled

from school to school at his mother's whim suffering numerous humiliations including self-inflicted ones and being pressed to rise to his brothers' level. He entered the Senate with his colleagues' lowest expectations: a show horse, not a workhorse, but he used his ninth child's talent of deference to and comity with his Senate elders to become a promising legislator. And with the deaths of his brothers John and Robert, he was compelled to become something more: the custodian of their political mission. In *Catching the Wind*, Kennedy, using his late brother's moral authority, becomes a moving force in the great liberal hour which sees the passage of the anti-poverty program and the Civil Rights and Voting Rights Acts. Then, with the election of Richard Nixon, he becomes the leading voice of liberalism itself at a time when its power is waning, a shadow president challenging Nixon to keep the American promise to the marginalized while Nixon lives in terror of a Kennedy restoration. *Catching the Wind* also shows how Kennedy's moral authority is eroded by the fatal auto accident on Chappaquiddick Island in 1969, dealing a blow not just to Kennedy but to liberalism. In this sweeping biography, Gabler tells a story that is Shakespearean in its dimensions: the story of a star-crossed figure who rises above his seeming limitations and the tragedy that envelopes him to change the face of America.

Stranger in a Strange State Christopher J. Galdieri, 2019-05-01 Examines why some politicians take the drastic step of becoming a carpetbagger and how that shapes their campaigns and chances for victory. Candidates normally run for office in the places where they live. Occasionally, however, a politician will run as a carpetbagger: someone who moves to a new state for the express purpose of running or who runs in one state after holding office in another. *Stranger in a Strange State* examines what makes some politicians take this drastic step and how that shapes their campaigns and chances for victory. Focusing on races for the US Senate from 1964 forward, Christopher J. Galdieri analyzes the campaigns of nine carpetbaggers, including nationally known figures such as Robert F. Kennedy and Hillary Rodham Clinton, and less well-known candidates like Elizabeth Cheney and Scott Brown. These case studies draw on archival research, contemporaneous accounts of each campaign, and scholarship on campaigns and representation. While the record reveals that it generally takes national political stature for a carpetbagger to win an election, some recent campaigns suggest that in today's polarized political era, both politicians and state political parties might want to be more open to the prospect of carpetbagging. Galdieri's book brings both life and systematic analysis to his case studies. It also takes on the concept of political ambition seriously, engaging the role of political parties in shaping and mitigating ambition. Highly recommended for anyone interested in American parties and elections.

Julia R. Azari, coeditor of *The Presidential Leadership Dilemma: Between the Constitution and a Political Party*. This will be the go-to book any time prominent politicians strike out for new territory.

Ross K. Baker, author of *Is Bipartisanship Dead? A Report from the Senate*.

The Presidential Campaign of 1860 Emerson David Fite, 1911

Kennedy Versus Lodge Thomas J. Whalen, 2000 *Kennedy versus Lodge* offers a well-researched and objective perspective on both a key Senate race and a political rivalry that forever changed the landscape of electoral politics in America.
