Campfollowing A History Of The Military Wife:

Campfollowing Betty Sowers Alt, Bonnie Domrose Stone, 1991-01-01 We know that a supportive family is the key to a person's success. It is fascinating to read a history of military wives that begins to give them the credit they deserve for service to their country and their families. Patricia Schroeder, U.S. Representative, Colorado, *Campfollowing* opens an important page in history for the military and for the role of women in the military. The women described in this book were not only devoted wives and mothers who brought a few of the comforts of home to forlorn military outposts but they were also nurses who cared for the sick and wounded as well as soldiers who fought bravely next to their soldier husbands. They served their country with great love, dignity, and honor, and they deserve this long overdue recognition. I believe this book will be both an inspiration and a model for present military spouses as they follow their loved ones throughout the world or wait patiently at home for them when they are apart. Timothy E. Wirth, U.S. Senator, Colorado, *Campfollowers themselves*. Betty Alt and Bonnie Stone have collected, published, and unpublished memoirs, diaries, and letters, and have conducted personal interviews to present this comprehensive history of the military wife from the Revolutionary War through the post-Vietnam years. The first work to concentrate on the unique hardships and rewards known to these women, this book considers both the traditional and modern roles of the military wife with particular attention to her place as second in line to her husband's career and the military establishment's reluctant acceptance of her as integral to the success of its mission. Resilience and flexibility, loneliness and companionship, and danger and loyalty are all components of the military wife's life described in these revealing pages. The chapters are organized chronologically, outlining the experience during peacetime and war, stateside and overseas. Throughout, the focus remains on the strength of this sisterhood as it copes with separation and fear by fostering its sense of community and faces the indifference of the military by constantly asserting its identity. This look at the many different facets of life as a military wife, described from a personal perspective within a historical framework, is a thoughtful analysis, a complete chronicle, and a true adventure with all its joys and perils. **The NCO Journal**, 1995

Forever Lost Betty L. Alt, 2024-10-02 In the early 22nd century, with the world suffering from a continuing ice age, food production in the United States is controlled by the Bureau of Sustenance. Private property has ceased to exist, and all citizens are forced to live in huge towers. However, a small group of people have managed to remain outside. Unfortunately, wisps of smoke from the group's uncontrolled fire have been seen from a Bureau helicopter, and reported Sustainers Amos Benton and Jake Martinez soon are sent from Tower Seven to search for the outsiders. [Yellow Leaves](#) Betty L. Alt, 2024-12-08 A report of healthy individuals dying frequently and unexpectedly at Creekside Independent Living has Paramount detectives Taylor and Samms investigating the facility. Then, during an argument between two local high school boys over the merits of a teenage girl, one boy is killed. Soon, another problem confronts the police department as teenage gangs come south from Denver and invade Paramount's east side. However, for Taylor, the main change in his life will be giving up the title of detective.

as he becomes the city's new Chief of Police **The Oxford Guide to American Military History** John Whiteclay Chambers II., Fred Anderson, G. Kurt Piehler, 1999 Dark Destiny Betty L. Alt, 2025-09-18 Colorado Springs detectives Arnold Simms and Andrew Davis are assigned to a case of a woman shot in her car along the interstate highway but can find no reason for her death As the two men search for similar cases they discover that for several past years during inclement weather a female has been shot inside her disabled auto However there appears to be no connection between the women until Simms discovers one seemingly unimportant coincidence Belonging to the Army Holly Ann Mayer, 1996 Belonging to the Army reveals the identity and importance of the civilians now categorized as camp followers whom Holly A Mayer calls the forgotten revolutionaries of the War for American Independence These merchants contractors family members servants government officers and military employees provided necessary supplies services and emotional support to the troops of the Continental Army They served in virtually every imaginable capacity from lifting spirits with food drink and dances to nursing the sick digging ditches and spying on and fighting against the enemy Mayer demonstrates that by making encampments livable communities a matter of some significance given the years it took to achieve independence these civilians played a fundamental role in the survival and ultimate success of the Continental Army **The Accidental Diplomat** Katherine L. Hughes, 1999 *Feminist Periodicals*, 1992 **Encyclopedia of Family Life: Mental health-single life**, 1999 *Cahiers de la Femme*, 1978 *New Books on Women and Feminism*, 1992 Wicked Women Betty Alt, Sandra Wells, 2000-05-01 The gentle sex mothers nurturers and sometimes killers In this look at female criminals you'll meet wives who poisoned their mates for profit nurses who hastened their patients' demises and mothers who did the unthinkable You'll also see how some play their cards right to get lighter sentences than men or no punishment at all **Gender and Politics in Contemporary Canada** François-Pierre Gingras, 1995 This is a collection of essays by different university researchers interested in how the lives of men and women are affected by politics The book adopts no specific ideology but readers will easily discover that all authors share the view that Canadian society and polity still treat men and women unequally This book is research oriented in that it presents interpretations based on well researched facts Most chapters have previously been presented at learned conferences and have been revised for inclusion in this collection Daughters of the American Revolution Magazine, 1992 *Thanks for the Memories* Jane Mersky Leder, 2006-09-30 Thanks for the Memories destroys the historical myth that young men and women went about the business of war and stayed on the straight and narrow path Rather World War II provided new opportunities for sexual experimentation for hasty marriages for flourishing prostitution and for love connections that have stood the test of time Young men in the military far away from family and home did things they might never have done Young women many of whom went to work for the first time experienced a freedom and independence most women had never known Because of the war courtships were cut short couples married more quickly than normal and husbands and wives were often separated for several years Despite attempts to get back to normal after the

war and the apparent togetherness of the 1950s World War II had set change in motion heralding the second wave of the women's liberation movement. The collective consciousness of World War II revolved around the virtues of bravery, sacrifice, and commitment. Members of The Greatest Generation toed political and social lines in hopes of winning the war. They fell into lockstep, asking very few questions and breaking few social and sexual mores. Or did they? In fact, World War II was like all wars: a time of sexual experimentation and a general loosening of morals. It was a time of conflicting emotions and conflicting messages, a time of great sacrifice and a time of discovery when some groups, especially women, experienced a relaxing of bonds that had kept them in check. Thanks For The Memories: Love, Sex, and World War II is the true story of how the World War II generation responded to the passions of war and how those passions changed their lives and the relationships between the sexes forever. But this book is more than that. As Jane Mersky Leder writes, Thanks for the Memories opens the hearts and memories of a generation that is dying by one estimate at the rate of more than 1,000 a day. It exposes the sexual and romantic escapades of The Greatest Generation and underscores how those four war years revolutionized relationships, including those between gays, and how it helped set the stage for the second wave of the women's liberation movement. Many who never thought their stories mattered, Leder writes, now feel the pull of limited time and the importance of leaving an accurate account for their children and grandchildren of what it was like to be a young man or young woman during World War II. This is their collective story.

Program of the Annual Meeting American Historical Association, 1991. Some programs include also the programs of societies meeting concurrently with the association.

Choice, 1991

Black Soldiers, White Wars William E. Alt, Betty Sowers Alt, 2002-05-30. Betty Alt teaches sociology at the U of Southern Colorado. William Alt is a member of the Air Force Association and the Retired Officers Association. They provide an overview of the use of black soldiers in colonial European and U.S. armies. The text examines the history of military service as a major avenue for social and economic mobility for blacks and the development of black equality from segregated noncombat roles to full membership in combat units. The authors also discuss the issue of disproportionate representation of blacks in the Vietnam War and recent charges of discrimination in the military.
