Camping Wyoming and the Black Hills Kenneth Graham, 2023-07 This guide provides detailed information on over 300 public campgrounds in Wyoming and South Dakota s Black Hills accessible by car For tenters and RVers alike this guide will lead you to the perfect campground The Wyoming Camping Guide Marc Smith, 2005-01-01 *Moon Montana, Wyoming & Idaho Camping* Becky Lomax, 2015-07-21 Outdoors writer photographer Becky Lomax uses her experience as a skier hiker kayaker and bicycler to capture the adventures of camping in Montana Wyoming and Idaho Lomax provides insight on the picturesque Glacier National Park the incredible wildlife of Northwest Montana and the high winds that characterize the Rocky Mountain Front Moon Montana Wyoming Idaho Camping is packed with information on national forests and parks recreation areas and backcountry sites Complete with details on what to pack what to wear reservations and fees and the best camping facilities Moon Montana Wyoming Idaho Camping gives travelers the tools they need to create a more personal and memorable camping experience

The Double Eagle Guide to Camping in Western Parks and Forests , 1997 **Wyoming Road Trip by the Mile Marker** Brook Besser, 2010-03 NEW REVISED EDITION that simplifies the highway naming and adds a number of new features that make the book easier to understand and navigate Contact info nightblazebooks com with any questions Please read this entire description and the notes at the end Yellowstone National Park is the focal point of Wyoming however there is so much more if you know where to look Hidden gems like badlands and petroglyphs can be found in the plains and valleys and with 15 mountain ranges over 9 000 ft Wyoming is hardly the boring prairie that many people envision Even where the plains seem unspectacular there is a rich history along pioneer trails that served as the gateway to the west throughout the 19th century This book identifies ALL of this and is simply a book you should not be without Most Wyoming travel guides are written to explore a specific subject or location but it would take a stack of books to cover the state for all subjects Think of these books as a mile wide and 100 miles deep This remarkable guide on the other hand has most everything in the entire state laid out by the highway mile markers so you will always know what is ahead and exactly how to get there This book covers National Parks and Monuments State Parks sightseeing camping picnicking hiking historical sites archaeological sites rest areas RV dumps and general points of interest The book has over 1900 entries so think of it as 100 miles wide and 10 miles deep enough information to get around but not an overload of information to wade through Without a book like this

putting together a trip across the state requires a great commitment of time and effort The author knows this because he has done it many times In order to provide massive amounts of information into a book of reasonable size and cost first off the book it is not a pocket guide but instead is full A4 paper size measuring 8 3 x 11 7 x 0 5 inches If this was a pocket guide it would be well over a thousand pages Secondly the book is laid out in a clear and concise report style format The descriptions are brief and to the point and not filled with colorful adjectives Instead the book uses a simple 5 star Cool Rating to convey the author s opinion of the impressiveness of each attraction In addition the first two lines for each attraction provide the mileage GPS coordinates elevation which entity owns the land and a grid system that corresponds to the maps in the book or can locate the attraction on any map The detailed directions are also condensed to generally fit on a single line Just to put a final point on the amount of information in this book the index is extracted directly from the book itself and therefore is so comprehensive that it contains over 2 300 entries So don t think of whether you should buy this book or that book this book stands on its own or as the ultimate companion book to any other Wyoming travel book It will pay for itself many times over in time and fuel savings If you put it in perspective the price of the book is around what it costs to operate a vehicle for about 30 miles maybe 10 or 20 in a big RV pretty insignificant Complete coverage of Yellowstone National Park Grand Teton National Park Devils Tower National Monument Fossil Butte National Monument Bighorn Canyon National Recreation Area Fort Laramie National Historic Site Medicine Lodge State Archaeological Site Snowy Range Bighorn Mountains Wind River Mountains Sinks Canyon State Park Guernsey State Park Glendo State Park Keyhole State Park Green River Lakes Casper Mountain Park Jackson Hole and much more NOTES Because grayscale photos never do justice to things of beauty the book contains no photos However dozens of color photos can be seen on the book website wyomingroadtripbythemilemarker.com
