Campus Confidential:

Campus Confidential Robert H. Miller, 2006-07-11 *Campus Confidential* is the ultimate insider's guide to surviving and thriving in college. Written in a friendly conversational style, *Campus Confidential* offers a comprehensive chronological treatment of the college experience by the author, a Yale graduate, and a blue ribbon panel of fourteen diverse mentors from colleges and universities around the country. But this is not just another fluff-filled freshman handbook. *Campus Confidential* is the complete guide to the college experience, providing solid, road-tested advice for every stage of the process, from high school students getting ready to apply to college seniors looking for jobs or applying to graduate school and everything in between.

Campus Confidential Jacques Berlinerblau, 2017 A comfortably tenured professor breaks ranks to reveal what's wrong with American higher education and how it affects students. Part industry exposé and part call for a return to engaged teaching, this book shows how the noble project of higher education fell so far and how it can be redeemed.

Campus Confidential Sid Stark, 2020-04-26 This is the expanded distribution version.

Campus Confidential Sid Stark, 2019-05-11 Doctor Rowena Halley needs a job. But it may cost her more than she's bargained for. During one of the worst years on record in the academic job market, newly minted PhD Rowena Halley has, against all odds, gotten a job. For one semester, at poverty wages in New Jersey. But with so many of her fellow PhDs bagging groceries or worse instead of teaching Russian, this is the best chance she has. New jobs come with a lot of stress, everyone knows that. But Rowena has more problems than just learning her way around a new campus and convincing all these Yankees that yes, she really is from Georgia. Tensions in the department are high; her family wants to know when she's going to get a decent job and a decent man; and her ex-boyfriend is, as usual, in trouble with the Russian government. It's when students start coming to her for help that she really gets into trouble, though. Rowena got where she is because she wants to help people and save the world, but if she's not careful, her idealism may get her killed. Witty and suspenseful in the vein of the Stephanie Plum novels, *Campus Confidential* is an insider's look at the gritty underbelly of academia where the struggles are so vicious because the stakes are so small. Only sometimes they're a matter of life and death.
