Can The Soviet System Reform:

Can Gorbachev Change The Soviet Union? Zdenek Mlynar, 1990-06-10 Mlynar a college classmate of Gorbachev one of Czechoslovakia's highest ranking Communist officials in the 1960s and currently a senior analyst with the Austrian Institute for International Affairs explains why it is unlikely that a Western type parliamentary system will evolve in the Soviet Union Annotation copyrighted by Book News Inc Portland OR

Can the Soviet System Survive Reform? George R. Urban, 1989

The Soviet System In Crisis Alexander Dallin, Gail W Lapidus, 2019-07-18 This reader is intended to fill the urgent need for up to date materials on the Gorbachev era and to provide scholars and students with source materials and interpretations not available in standard texts In addition the book will be regularly revised and updated to take account of rapidly changing events Alexander Dallin and Gail Lapidus have brought together outstanding Western analyses as well as Soviet documents and commentary dealing with developments in the USSR's politics economy society culture and foreign policy since 1985 The collection covers the full spectrum of views skeptical and enthusiastic ideological and pragmatic offered by journalists politicians observers and participants Introductory and concluding material by the editors provides the essential context to help students understand the myriad opinions put forth on the vast changes in the USSR and where its future may lie

The Political Economy of the Soviet Union United States. Congress. Joint Economic Committee. Subcommittee on Economic Goals and Intergovernmental Policy, 1984

The Soviet Union In Transition Kinya Niiseki, 2019-07-11 Because of the recent transition in the Soviet Union's leadership scholars worldwide have found it necessary to reevaluate Soviet domestic and foreign policy In this volume prominent Japanese U S and European experts examine changes within the USSR as well as Soviet reactions to changes in the rest of the world They assess the immediate implications of change for such areas as technology energy policy and economic reform and deliver commentaries on current policy directions and historical backgrounds of Soviet policies To commemorate its silver jubilee and to add the valuable perspective of Japanese Soviet studies scholars to Western analyses the Japan Institute of International Affairs held the symposium on which this volume is based

An Introduction to World China Studies Zhan Wang, Yanhong Chu, 2025-04-26 This book examines the seven key issues related to China which have been identified by experts over the past few centuries The topics addressed include China's impact on international discourse the inheritance of Chinese civilization the great divergence between Chinese and Western histories Kondratiev Cycle Theory the socialist system and its future prospects the Chinese path to modernization and the Belt and Road Initiative The authors explore these issues within the broader context of human civilization and the evolving global landscape offering systematic explanations for each topic and redefining the concepts of World China Studies

The Edinburgh Review, 1920

Rethinking the Soviet Collapse Michael Cox, 1998 This text is informed by the view that part of the answer to the conundrum Did we fail to anticipate the end of the Cold War lies in a dissection of the ways in which the USSR was theorized by its leading practitioners in the West

Nordic journal of Soviet and East European studies ,1988 *Implementation of Soviet Economic Reforms* Karl W. Ryavec,1975 *The Mechanism of the Modern State* Sir John Arthur Ransome Marriott,1927 **Can the Soviet System Survive Reform?** George R. Urban,1989 **The Soviet Union in Singapore's Foreign Policy** Bilveer Singh,1990
The Soviet Union Review ,1925 Soviet Union Year-book Louis Segal,A. A. Santalov,1925 *The Soviet Union under Gorbachev (Routledge Revivals)* David A. Dyker,2013-09-13 Gorbachev's accession to General Secretary promised great changes to the Soviet Union and its relationship with the rest of the world This book first published in 1987 discusses the problems faced by Gorbachev when he entered office and how he planned to tackle them Gorbachev was a figure of genuine debate in the mid 1980s raising doubts from Western specialists regarding his radicalism and ability to reform the Soviet economic system in particular Here Dyker and his colleagues assess the changes Gorbachev had already made to consolidate his power base alongside those that he was proposing to make to agriculture industry and foreign relations at the time of publication The book speculates about how Gorbachev might implement his proposed political and economic reforms what opposition he might encounter and how successful he would be A fascinating insight into Soviet economic and political policy in the years leading up to the Union's collapse this work will be of particular importance to students and academics researching the personality of Gorbachev and the political and economic history of the Soviet Union **FDR and the Soviet Union** Mary E. Glantz,2005 Throughout his presidency Franklin Roosevelt was determined to pursue a peaceful accommodation with an increasingly powerful Soviet Union an inclination reinforced by the onset of world war Roosevelt knew that defeating the Axis powers would require major contributions by the Soviets and their Red Army and so despite his misgivings about Stalin's expansionist motives he pushed for friendlier relations Yet almost from the moment he was inaugurated lower level officials challenged FDR's ability to carry out this policy Mary Glantz analyzes tensions shaping the policy stance of the United States toward the Soviet Union before during and immediately after World War II Focusing on the conflicts between a president who sought close relations between the two nations and the diplomatic and military officers who opposed them she shows how these career officers were able to resist and shape presidential policy and how their critical views helped shape the parameters of the subsequent Cold War Venturing into the largely uncharted waters of bureaucratic politics Glantz examines overlooked aspects of wartime relations between Washington and Moscow to highlight the roles played by U S personnel in the U S S R in formulating and implementing policies governing the American Soviet relationship She takes readers into the American embassy in Moscow to show how individuals like Ambassadors Joseph Davies Lawrence Steinhardt and Averell Harriman and U S military attaches like Joseph Michela influenced policy and reveals how private resistance sometimes turned into public dispute She also presents new material on the controversial military attach lend lease director Phillip Faymonville a largely neglected officer who understood the Soviet system and supported Roosevelt's policy Deftly combining military with diplomatic history Glantz traces these philosophical and policy battles to

show how difficult it was for even a highly popular president like Roosevelt to overcome such entrenched and determined opposition. Although he reorganized federal offices and appointed ambassadors who shared his views, in the end he was unable to outlast his bureaucratic opponents or change their minds. With his death, anti-Soviet factions rushed into the policymaking vacuum to become the primary architects of Truman's Cold War containment policy. A case study in foreign relations, high level policymaking and civil-military relations, FDR and the Soviet Union enlarges our understanding of the ideologies and events that set the stage for the Cold War. It adds a new dimension to our understanding of Soviet-American relations as it sheds new light on the surprising power of those in low places. *Report of the ... Annual Conference, ...* Independent Labour Party (Great Britain), 1919. [The War for Korea, 1945-1950](#) Allan Reed Millett, 2005. When the major powers sent troops to the Korean peninsula in June of 1950, it supposedly marked the start of one of the last century's bloodiest conflicts. In volume 1, Allan Millett, however, reveals that the Korean War actually began with partisan clashes two years earlier and had roots in the political history of Korea under Japanese rule, 1910-1945. In volume 2, he shifts his focus to the twelve-month period from North Korea's invasion of South Korea on June 25, 1950, through the end of June 1951, the most active phase of the internationalized Korean War. **The Municipal Journal, the Organ of Local Government & Public Service**, 1921.
