Canada Among Nations 1985 The Conservative Agenda:

Canada Among Nations, 1994 **Canada Among Nations 1988** Brian Tomlin, Maureen Appel Molot, 1989 The 1988 edition of *Canada Among Nations* closely scrutinizes the legislative record of the Conservative government of Brian Mulroney during its first term. In the area of foreign policy the Mulroney Conservative government had a lot on its plate during its first term of office: free trade with the United States, Arctic sovereignty, the continuing problems of South African apartheid and Third World development. To cite only a few examples. Balanced and comprehensive the book covers everything from Soviet glasnost to declining U.S. hegemony, from the future of the Canada-U.S. relationship to the government's abandoned plans for nuclear powered submarines. *Canada Among Nations* is both an analysis of international developments in 1988 and an assessment of the Conservative government's record in the foreign policy arena. Diplomatic Departures Kim R. Nossal, Nelson Michaud, 2011-11-01 During the nine years that the Conservatives under Brian Mulroney held power in Ottawa Canadian foreign policy underwent a series of important departures from established policy. Some of these changes mirrored the major transformations in global politics that occurred during this period as the Berlin Wall was breached, the Cold War came to an end and a globalized economy emerged. But some of the changes were the results of initiatives taken by the Conservative government. The first major scholarly examination of the foreign policy of this period, this collection explores and analyzes the many departures from traditional Canadian statecraft that took place during the Mulroney Conservative era: free trade with the U.S., a continentalized energy policy, initiatives over the environment and the Arctic, the withdrawal of Canadian forces from Europe and the transformation of peacekeeping into peacemaking. **United States/Canada Economic Relations** United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on Economic Stabilization, 1987 **U.S.-Canadian Defense Industrial Cooperation** Kristina Obecny, Gregory Sanders, 2017-07-17 This study evaluates the health of the U.S.-Canadian defense industrial relationship which is critically important as the U.S. Department of Defense expands the national technology and industrial base. The CSIS study team gathered and analyzed a wide range of quantitative data and conducted interviews with government and industry officials involved with bilateral cooperation on both sides of the border. In addition to looking at top level history, legislation, policy and trends, the study team undertook five sectoral case studies highlighting different aspects of the benefits from and challenges facing bilateral cooperation. The study finds that the benefits to both partners exceed what either could obtain solely by relying only on its own national resources. While the overall U.S.-Canadian defense industrial relationship remains sound, the study team identifies a range of recommendations to enhance its value to both partners. *Readings in Canadian Foreign Policy* Christopher John Kukucha, Duane Bratt, 2007 This is a reader for courses in Canadian foreign policy; it can be used on its own as a core text or alongside a single authored text. The book is structured in six sections covering a broad range of topics: approaches to Canadian Foreign Policy, external sources, domestic sources, CFP, security, trade and economic issues.
