Canada And Latin American Security:

Canada and Latin American Security H. P. Klepak, 1994 **Latin American Security** Monique Greenwood Santos, Stephen J. Randall, John Robert Ferris, The papers and presentations in this volume were part of an international conference on Latin American and Caribbean basin security issues hosted by the Latin American Research Centre at the University of Calgary in May 2013 Focusing on Canadian security policies in the region the conference went beyond traditional notions of security and focused on a range of human security issues the impact of insecurity on violence against women the role of illegal armed groups organized crime guerrilla insurgencies youth gangs and the impact which armed conflict has on the physical environment The findings of this conference suggest that with increased private sector investment in the region combined growing trade ties have implications for the image of Canada in the region and necessitate a close and effective working relationship between government and the private sector to ensure that international standards pertaining to the environment and human rights are observed *Canada, Latin America, and the New Internationalism* Brian J. R. Stevenson, Teleglobe Raoul-Dandurand Chair of Strategic and Diplomatic Studies, Université du Québec à Montréal. Centre d'études des politiques étrangères et de sécurité, 2000 Post war Canadian foreign policy has been characterized by two enduring themes an ongoing commitment to multilateralism on the one hand and a substantial commitment to continentalism on the other In the early 1970s the post war structures for international politics and economics entered a period that led to a dramatic transformation based on the relative decline of the United States punctuated by the end of the cold war the rise of economic interdependence and the new internationalism and the emergence of citizen centered foreign policy These three factors have had a substantial impact on both Canada's role in the world and its relationships with its main political and economic partners *Canada's Past and Future in Latin America* Pablo Heidrich, Laura Macdonald, 2022-04-27 Many historians and political scientists argue that ties between Canada and Latin America have been weak and intermittent because of lack of mutual interest and common objectives Has this record of diverging paths changed as Canada has attempted to expand its economic and diplomatic ties with the region Has Canada become an imperialist power Canada's Past and Future in Latin America investigates the historical origins of and more recent developments in Canadian foreign policy in the region It offers a detailed evaluation of the Harper and Trudeau governments approaches to Latin America touching on political diplomacy bilateral development cooperation and civil society initiatives Leading scholars of Canada Latin America relations offer insights from unique perspectives on a range of issues such as the impact of Canadian mining investment security relations democracy promotion and the changing nature of Latin American migration to Canada Drawing on archival research field interviews and primary sources Canada's Past and Future in Latin America advances our understanding of Canadian engagement with the region and evaluates options for building stronger ties in the future **Canada Among Nations, 1996** Fen Osler Hampson, Maureen Appel Molot, 1996-01-01

Canada is a relatively small player on the world scene but is still big enough to be heard The theme of this year's volume of Canada Among Nations is the need for choices in Canadian foreign policy In an environment of fiscal constraint the necessity of choice is related to establishing priorities within the multitude of international organizations to which Canada belongs If we can no longer afford to be a member of a large number of international institutions which memberships will we uphold and on what grounds will we decide These questions and others are addressed from a variety of standpoints As in the past each article in Canada Among Nations is a free standing contribution Contributors have their own distinctive viewpoints and perspectives on where Canada stands in the community of nations and where the country's foreign policy priorities should lie

but rather as a way of responding to questions about strength and credibility both globally and at home Foreign Policy Toward Cuba Michele Zebich-Knos, Heather Nora Nicol, 2005 *Foreign Policy Toward Cuba* examines the disagreement between the foreign policy making communities of the United States and Canada and that of Cuba and the Caribbean region. The book contrasts the differing Cuban foreign policy positions taken by the United States and Canada contrasting them in turn with Caribbean and Cuban positions on North America. The book uses a wide range of perspectives paying particular attention to the way the Western Hemisphere understands Cuba and the approaches of Cuban and Caribbean foreign policy toward North America. Of interest to students of Latin America, Cuba and foreign policy and international relations, the book provides a clear interpretation of the complex foreign policy between nations *Foreign Affairs* Archibald Cary Coolidge, Hamilton Fish, Armstrong, 1924. During the Cold War that mission was limited to NATO's Atlantic Ocean area of responsibility and was performed exclusively by the Alliance's combined naval and air assets.
