No Place for Fairness David T. McNab, 2011-05-01 Aboriginal policy and claims negotiation in Canada is seen to be a murky and perplexing world that has become an important public issue and has significant policy implications for government spending Aboriginal land policy in Canada began as an Aboriginal initiative In *No Place for Fairness* David McNab a long time advisor on land and treaty rights for both government and First Nations groups looks at the Bear Island Indigenous rights case initiated by the Teme Augama Anishinabe to explore why governments fail to deal effectively with Aboriginal land claims The book divided into two sections includes a survey of the historical background of the Bear Island claim followed by a more personal series of reflections about what happened as the claim encountered decades of policy hurdles court cases public protests and above all resistance by the Temagami First Nation McNab provides details of how ministers and their senior officials resisted real efforts to resolve problems as well as examples of field staff resisting government attempts at resolution He also shows that government entities such as the Indian Commission of Ontario and the Native Affairs Directorate were largely used as mailboxes where successive federal and provincial governments sent things they wanted to bury *No Place for Fairness* is the story of what happens when Aboriginal peoples political rights are crammed into the Euro Canadian legal system McNab makes a clear case that a legalistic approach to these problems is wholly

inadequate and that more important things like fairness must be recognized as paramount if a just and lasting Aboriginal land policy is to be created *Restoring the Balance* Gail Guthrie Valaskakis,2009 Written by fifteen Aboriginal scholars activists and community leaders Restoring the Balance combines life histories and biographical accounts with historical and critical analyses grounded in traditional thought and approaches It is a powerful and important book *The Memory of Power and Abuse of Power* Franziska Metzger,Paul Oberholzer,Hans Zollner,2025-09-08 This volume approaches the memory of abuses of power in past and present societies from a transdisciplinary perspective On the one hand methodological approaches and schemes of analysis are developed from the point of view of philosophy and theory of history history didactics literary studies anthropology Church and religious history On the other hand the contributions deal with case studies that pay special attention to the Holocaust to mass violence and war the history of slavery missionary history and sexual abuse The focus is on narratives of memory politics of history the relation between historiography public memory restitution and reparation but also on empowerment and participation in civil society and by victims of violence in the creation of public memory spaces of commemoration and memorials regarding instances of abuse of power Aboriginal Health in Canada James Waldram,D. Ann Herring,T. Kue Young,2006-07-30 Numerous studies inquiries and statistics accumulated over the years have demonstrated the poor health status of Aboriginal peoples relative to the Canadian population in general Aboriginal Health in Canada is about the complex web of physiological psychological spiritual historical sociological cultural economic and environmental factors that contribute to health and disease patterns among the Aboriginal peoples of Canada The authors explore the evidence for changes in patterns of health and disease prior to and since European contact up to the present They discuss medical systems and the place of medicine within various Aboriginal cultures and trace the relationship between politics and the organization of health services for Aboriginal people They also examine popular explanations for Aboriginal health patterns today and emphasize the need to understand both the historical cultural context of health issues as well as the circumstances that give rise to variation in health problems and healing strategies in Aboriginal communities across the country An overview of Aboriginal peoples in Canada provides a very general background for the non specialist Finally contemporary Aboriginal healing traditions the issue of self determination and health care and current trends in Aboriginal health issues are examined **Community Health Nursing in Canada - E-Book** Sandra A.
