The Emergence of National Food Atsuko Ichijo, Venetia Johannes, Ronald Ranta, 2019-02-21 What do deep fried mars bars cod and Bulgarian yoghurt have in common Each have become symbolic foods with specific connotations located to a very specific place and country This book explores the role of food in society as a means of interrogating the concept of the nation state and its sub units and reveals how the nation state in its various disguises has been and is changing in response to accelerated globalisation The chapters investigate various stages of national food its birth emergence and decline and why sometimes no national food emerges By collecting and analysing a wide range of case studies from countries including Portugal Mexico the USA Bulgaria Scotland and Israel the book illustrates ways in which various social forces work together to shape social and political realities concerning food The contributors hailing from anthropology history sociology and political science investigate the significance of specific food cultures cuisines dishes and ingredients and their association with national identity In so doing it becomes clearer how these two things interact and demonstrates the scope and direction of the current study of food and nationalism Canadian Food Industries ,1967 **Canadian Food Words** Bill

Casselman,1998 Canada's bestselling word wizard is back with a gustatory gallivant across Canada Learn about and enjoy some of the food words Canadians use and have used many of these words as tangy and succulent as the foods they name Casselman sets the gastric juices flowing and helps us savour the etymological flavour of our hearty Canadian fare as well The gastronomic grand tour begins in Newfoundland after a Jigg's dinner with scrunchins washed down with a stain o rum and then we light out for the West Coast to lap up a foaming bowl of soapahollie ice cream Along the way there are stops and mug ups for Maritime funky and bangbelly bakeapple jam and blueberry grunt fricko on PEI rappie pie in New Brunswick drepsley soup in Southern Ontario bannock in Manitoba Saskatoonberry turnovers along the Qu Appelle River backed wind pills in Alberta and moose muffle soup in Tuktoyaktuk Foodies and word buffs alike will enjoy this book written as it is in true Casselman form scholarly entertaining and often hilarious **What's to Eat?** Nathalie Cooke,2009-09-01 How we as

Jennifer Ogle,James Darcy,2017-06 Canadian Classics with Innovative Twists Canadian cooking is defined by its diversity It

recognizes that the country's geography is as diverse as its people and close to 9000 kilometres makes for a lot of diversity. Canadian food is a celebration of Old World dishes and methods enhanced by New World ingredients, recipes that have been passed on through the generations but incorporate today's fresh exciting ingredients that would not have been available to our ancestors. We have reacquainted ourselves with First Nations cuisine and are more than ever embracing the traditional foods that Canada's first settlers brought with them. Included in this book are many traditional recipes as well as some that are developed with innovative twists to make use of the new fresh ingredients. These tasty dishes will please the palate as they reconnect you to your family's and the nation's roots. So celebrate Canada's 150th birthday with this collection of recipes because each dish is a celebration of the country and its heritage: Digby Scallops with Back Bacon and Vanilla Cedar plank Salmon with Orange Pistachio Crust, Ginger beef Deep Dish Tourtiere, Bison Burger, Hawaiian Pizza, Cabbage Rolls, Poutine, Maple Sugar Cookies, Butter Tarts, Nanaimo Bars, Dandelion Wine. And so much more sumptuous fare from every region and many ethnicities.

Canadian Cuisine is rich and varied. Its dishes are so unique you will hardly find them anywhere else in the world. This Canadian cookbook features a collection of 30 authentic Canadian dishes which includes bacon, maple and poutine. Some defines Canadian cuisine by the foods that are native to North America such as squash, beans, pepper, salmon etc, while some defines it by the recipes altered because of the lack of ingredients of the original dish, for example sushi made with salmon and not tuna, candy made with maple syrup and not molasses. To name a few Canadian foods include a great portion of breads, starch, game meats such as deer, bison, moose etc. Oftentimes involves a lot of soups and stews. Whatever the situation this Canadian Cookbook will assist you in being creative in preparing your own tasty delicious meals.

Symptoms of Canada Kieran Keohane, 1997. In this provocative essay on the Canadian identity Kieran Keohane gives us his outsider's take on Canada's most debated issue. Keohane argues that conflicting objectives have caused the impasse in our search for collective identity. These objectives are marked by official multiculturalism, a proliferation of interest groups and resurgent xenophobia. Integrating social and political theory with witty examples he explores how a strong Canadian identity might be constructed. *Symptoms of Canada* breaks the stalemate in our search for the Canadian identity. A refreshing read for Canadians who are tired of the polemics surrounding this issue, it offers valuable insight to all countries where the question of identity is a national concern.
