Sport and Recreation in Canadian History Carly

Adams, 2020-10-16 Serving as a foundation for critical discussion about the importance of the past Sport and Recreation in Canadian History covers the historical events people and moments that shape Canadian sport in the present and future While this text focuses on sport and recreation practices on these lands now claimed by Canada it is set within a larger historical context of interconnecting social and cultural practices to speak to the sustained tensions complexities and contradictions prevalent in Canadian society The editor Dr Carly Adams and her 17 contributing experts from across Canada bring the latest research in all areas of Canadian sport history to life and present a thorough look at the nation's past events The text challenges the dominant narratives and encourages students to think critically about Canadian sport history It examines how gender ethnicity race religion ability class and other systems of oppression and privilege have shaped sport and recreation practices with Canadian sporting culture reproducing many of the same oppressive systems that exist on the larger scale Sport and Recreation in Canadian History separates itself from its competitors by providing an abundance of pedagogical aids Sidebars highlighting prominent people provide glimpses of figures who made a significant impact on Canadian sport history Transformative Moment sidebars focus on significant events as they relate to specific themes such as gender race ethnicity sexuality or ability A comprehensive timeline showcases where important events fell in relation to one another while the text acknowledges the problem of presenting history in a linear way and provides a more nuanced discussion of time Descriptions of primary source documents such as newspaper articles photographs and historical documents are accompanied by explanations of how sport historians work with these documents Sport and Recreation in Canadian History asks readers to think differently about the history of Canadian sport and it examines how past people moments and events continue to shape 21st century sport

The Western Canadian Anthropologist, 1989

The Peoples of Canada J. M. Bumsted, 1992 This long

awaited history of Canada the first survey by a single scholar in many years is the result not only of Bumsted's experience of teaching Canadian history and discussing it with his students over twenty five years but also of his assimilation of post 1970s

historiography He has written a highly readable and richly detailed new synthesis for the present time In this book the first period 1885 to 1921 highlights the development of imperial sentiment in English speaking Canada a great wave of social reform connected chiefly with industrialism a shift in the nature of Canadian immigration and urbanization the First World War which exerted a powerful force on the Canadian economy and the quest for female equality The next period 1921 1945 which includes the Great Depression and the Second World War is characterized by what Stephen Leacock called the Unsolved Riddle of Social Justice The war itself brought national sovereignty to Canada and gave birth to the welfare state The growth and affluence that followed along with striking changes in lifestyles and headlong developments in the arts are described for the period 1945 1972 The 1970s to the present when all the givens of the past liberalism centralism nationalism were attacked from several directions and began to unravel are brilliantly surveyed by Bumsted But his fresh look at this history in an engaging text generously illustrated is both illuminating and inspiring Seeing Ourselves Helen Holmes, David Taras, 1992 **Canada** Ernest Ingles, 1990 *Canadians*, 1989 *Sport and Gender in Canada* Kevin Young, Philip White, 2007 This contributed volume includes articles on sport and gender written by leading scholars in their areas of expertise Part I demonstrates that 1 the relationship between sport and gender has not developed in a smooth uncontested or linear way that always privileges all males and always discriminates against all females and 2 that the relationship between sport and gender can best be understood sociologically by tracing the intersections between sport gender and other ways that Canadian life has been and remains stratified such as social class age race ethnicity and sexuality In Chapter 1 Melissa Parker and Philip White explore the chronological development of theoretical frameworks addressing both the gendering of sport and what it means to be gendered in sport Michael Atkinson argues in Chapter 2 that there is a strong link between types of research methods used and knowledge claims made by researchers In Cultural Struggle and Resistance Gender History and Canadian Sport M Ann Hall traces the early moments of organized women's sport in Canada to show that women's sport in Canada is built on far stronger foundations than is often assumed In the following chapter Kevin Wamsley argues that not all men were privileged by early Canadian sport practices For instance he outlines the process through which sport became an arena for the construction of particular types of masculinity notably masculinities that helped reinforce the dominance of powerful groups of men Beginning from the premise that Canadian society and thus Canadian sport is far from classless Peter Donnelly and Jean Harvey provide numerous examples in Chapter 6 to show that there have been major social class and gender inequalities throughout the history of sport Again we are reminded that gender is a complex and multidimensional phenomenon that can best be understood if we trace power differences not only between different groups of men and women but also between different versions of masculinity and femininity associated with particular social groups social classes and social settings Part II of this book focuses on the work currently being done by leading researchers in the area of sport and gender in Canada on a broad spectrum of sport related topics The chapters

reflect a variety of theoretical standpoints and methodological procedures These chapters emphasize the need to study gender in a way that is not only non categorical but perhaps moves beyond the distributive level towards understanding how sport assumes particular forms at particular historical junctures and grows out of relations of power that are determined culturally and reinforced ideologically In Chapter 6 Sally Shaw and Larena Hoeber show how the prevalence of gendered discourses hinders the achievement of gender equity in Canadian amateur sport organizations The idea that there is no singular masculinity and femininity operating within Canadian sport is developed in Chapter 7 in which Philip White and Kevin Young review research findings on gender and rates and types of sport injury In Chapter 8 Caroline Davis observes that some femininities are more closely associated with body image disorders than others and discusses the biological sociological and psychological factors acting on the relationship between sport physical activity and eating disorders Chapter 9 by Peter Donnelly Who's Fair Game Sport Sexual Harassment and Abuse identifies how power differences tend to exist at the heart of abusive and exploitive sport based relationships Notions of power relations are also central to Chapter 10 written by Patricia Vertinsky and Sandra O'Brien Cousins on the effects of gender on participation in sport among older Canadians Specifically their chapter demonstrates how older women are disadvantaged relative to men when it comes to involvement in sport and physical activity Victoria Paraschak's chapter on sport and Canada's First Nations peoples Chapter 11 provides vivid examples of how unequal gender relations are created and reproduced over time Chapter 12 calls for a collapsing of the rigid binary categories of hetero homosexuality on the grounds that these are used to preclude full and equal gay and lesbian participation in sport Identifying patterns of exclusion from participation in sport and physical activity is also the focus of Chapter 13 which is authored by Wendy Frisby Colleen Reid and Pamela Ponick This chapter demonstrates how a combination of poverty and prevailing municipal recreation department policies seriously limit the opportunities of many women from active recreation In Chapter 14 Brian Wilson explores how the media reinforces taken for granted understandings of gender appropriate orientations toward the body and sport In the following chapter Jamie Bryshun and Kevin Young provide some of the first substantial evidence for the routine involvement of female athletes in initiation hazing rituals in Canada and conclude that power relations between neophyte and veteran female players may be just as aggressive coercive and high risk as those occurring on male teams Sport and Gender in Canada reflects a growing body of work highlighting the diversity that exists among Canadian sportswomen and sportsmen in terms of factors such as age race heritage sexuality and social class To speak of a generic sporting masculinity or femininity or indeed of a generic sporting experience simply does not do justice to the complexity of Canadian sporting life Folklore, 1987 **A Sociology of Sport** Howard L.
