approximately 4000 have a 2001 imprint the author and title index is extensively cross referenced It offers a complete  
directory of Canadian publishers available listing the names and ISBN prefixes as well as the street e mail and web addresses  
The Canadian Abridgment ,1981      **Canadian Selection** Alvan Bregman, Ontario. Ministry of Citizenship and  
Culture, University of Toronto. Centre for Research in Librarianship, 1985      The Ordering of Justice Patricia M.  
Baranek, Richard V. Ericson, 1982-01-01 From the point of his arrest through to the final disposition of his case the authors  
follow the accused as he proceeds through the criminal control system They draw a picture of one who is dependent upon the  
orders and decisions of the police crown attorney defence lawyer and judge and not a defendant with significant autonomy  
Substudies conducted under a program of the Centre of Criminology provide empirical material on patrol police detectives  
crown attorneys and defence lawyers and are complemented by the authors own interviews of accused persons They produce  
a unique picture of the person who stands accused unlike the official agents who are regular and experienced participants in  
the criminal process the accused is a one shot player As a dependant he is subject to the orders and decisions of the official  
criminal control agents he fails to exercise what appear externally as his formal rights because the apparent costs exceed the  
advantages He complies with police searches fails to remain silent fails to call a third party gives a statement often does not  
obtain a lawyer routinely accepts his lawyer s advice rarely demands a trial often remains silent in court and very rarely  
considers an appeal The ordering which the accused meets out of court is reproduced in the public forum of the court  
Through the display of formal legal rationality there and in the belief that matters could have been a lot worse he experiences  
the majesty justice and mercy of the criminal process and in turn accords legitimacy to the actions taken against him The  
authors discuss prospects for changing the criminal process and conclude that the range of reforms that have been  
advocated and sometimes implemented does not lead to an alteration of the accused s position within the ordering of justice  
because the system is not truly adversarial Rather it serves the interests of the state in ordering the population as well as  
professional interests of those who man the system      **Canadian Books in Print. Author and Title Index** ,1975      **Law**
