A Concise History of Christianity in Canada Terrence Murphy, Terrence M. Murphy, Roberto Perin, 1996 Organized along linguistic rather than denominational

lines it emphasizes the common experiences of the churches and the profound impact that Christianity has had on both French and English Canadian society and culture. Alongside the institutional development for the churches and the work of the clergy it examines the religious outlook and practices of the laity and how these have varied with gender, ethnic affiliation and class relations between denominations, missionary efforts especially among the First Nations and the responses to them and the complex interactions between church and state. **Christian Higher Education in Canada** Stanley E.

Porter, Bruce G. Fawcett, 2020-11-17 The Toronto 2018 Symposium on Christian Higher Education provided an opportunity for leaders in the Canadian Christian higher education movement to reflect deeply on its development, current reality and future possibilities. The Canadian Christian higher education scene comprises a wide range of institutions including Christian universities, Bible colleges and seminaries and graduate schools. Each type has its own distinctive history and likewise represents both challenges and opportunities. Even though they are intertwined in their common purpose, these higher educational institutions express this purpose in various ways. This volume is a collection of the papers and plenary talks designed to share the content of the symposium with a wider audience. The papers are all written by active scholars and researchers who are connected to the member institutions of Christian Higher Education Canada (CHEC). They not only illustrate the quality of the scholarship at these institutions but they make their own critical contribution to an ongoing discussion regarding the role and place of Christian higher education within the wider society. This volume is intended to be helpful to students, faculty, staff, board members and supporters of Canadian and other Christian higher education institutions as well as interested individuals and scholars. **Baptists and Public Life in Canada** Gordon L. Heath, Paul R.

Wilson, 2012-02-02 Public discussion about the relationship between religion and public life in Canada can be heated at times and scholars have recently focused on the historical study of the many expressions of this relationship. The experience of Canada's smaller Protestant Christian groups, however, has remained largely unexplored. This is particularly true of Canada's Baptists. This volume, the first produced by the Canadian Baptist Historical Society, explores the connections between Baptist faith and Baptist activity in the public domain and expands the focus of the existing scholarship to include a wide range of Canadian Baptist beliefs, attitudes, perspectives and actions related to the relationship between Baptist faith and practice and public life. Future Faith Churches Don Posterski, Gary Nelson, 1997 How can a church survive into the next millennium?

That is the question Don Posterski and Gary Nelson asked themselves while researching and writing Future Faith Churches. This book shows the way through to the 21st century by examining 14 examples of churches from Pentecostal to mainline, liberal, that are combining the strands of evangelism, social action, church growth and strong leadership to create the fabric of their worshipping community. Entrepreneurship and Religion Léo-Paul Dana, 2010-01-01 I wish this book had been around when I tried to teach about entrepreneurship in its social context. Life would have been much easier with these informed sources. Alistair R. Anderson, Aberdeen Business School, UK. This rich and detailed book makes a very timely contribution to

extending our understanding of entrepreneurship in its social context Using selected examples the respected contributors show how the values developed in religious beliefs and practices shape entrepreneurship For too long the entrepreneur has been characterized as an isolated economically driven individual thus ignoring how enterprise and entrepreneurs are products of their society their culture and their religion This innovative book discusses both entrepreneurship and religion as well as indicating how the synthesis of beliefs and practices combine in entrepreneurial endeavours It provides a conceptually useful way of framing the individualistic entrepreneur in his or her social and cultural context demonstrating how entrepreneurial agency operates within and through a variety of religious contexts Illustrated with original photographs this captivating book will be warmly welcomed by students and researchers with interests in entrepreneurship sociology religion and cultural studies Government policy makers in immigration will also find this book an invaluable read

Introducing Canada Brian Gobbett, Robert Irwin, 1998-04-30 In addition to presenting brief descriptions of more than 1 000 historical monographs dealing with Canada the bibliography introduces the reader to several historiographic debates and places key works within that context **Gender and the Social Gospel** Wendy J. Deichmann Edwards, Carolyn De Swarte Gifford, 2003 This collection of essays examines the central yet often overlooked role played by women in the formation of the social gospel movement in the late nineteenth and early twentieth centuries A practical theological response to the stark realities of poverty and injustice prevalent in turn of the century America the social gospel movement sought to apply the teachings of Jesus and the message of Christian salvation to society by striving to improve the lives of the impoverished and the disenfranchised The contributors to this volume set out to broaden our understanding of this radical movement by examining the lives of some of its passionate and vibrant female participants and the ways in which their involvement expanded and enriched the scope of its activity In addition to examining the lives of individual women the essays in *Gender and the Social Gospel* contain broader analyses of the gender and racial issues that have caused the histories of movements such as the social gospel to be viewed almost exclusively in terms of their male European American intellectual participants at the expense of the women African Americans and Canadians whose contributions were just as worthy of attention *The Wesleyan Holiness Movement: Parts I-III* Charles Edwin Jones, 2005 **Mennonites in Canada:**

1939-1970 : a people transformed Frank H. Epp, 1974 *Canadian Evangelicalism in the Twentieth Century* John Gordon Stackhouse, 1993 Stackhouse religion U of Manitoba argues that Canadian evangelicism is neither the echo of an American phenomenon nor a residue of the British heritage but is a distinctly Canadian phenomenon which has become a powerful force in contemporary Canadian religion Paper edition unseen 19 95 Annotation copyright by Book News Inc Portland OR

Christian Churches and Their Peoples, 1840-1965 Nancy Christie, Michael Gauvreau, 2010-12-15 Religious institutions values and identities are fundamental to understanding the lived experiences of Canadians in the nineteenth and early twentieth century *Christian Churches and Their Peoples* an inter denominational study considers how Christian churches

influenced the social and cultural development of Canadian society across regional and linguistic lines By shifting their focus beyond the internal dynamics of institutions Nancy Christie and Michael Gauvreau address broad social issues such as the ways in which religion is linked to changing mores the key role of laypeople in shaping churches and the ways in which First Nations peoples both appropriated and resisted missionary teachings With an important analysis of popular religious ideas and practices *Christian Churches and Their Peoples* demonstrates that the cultural authority and regulatory practices of religious institutions both affirmed and opposed the personal religious values of Canadians ultimately facilitating their elaboration of personal ethnic gender and national identities Canadian Books in Print ,2003 **A Religious-cultural Mosaic** Norman J. Threinen,2006 Sessions D'étude Canadian Catholic Historical Association,1995 The Keswick Movement Charles Edwin Jones,2007 This volume introduces researchers to the leaders ideas and institutions of the Keswick Movement a strand of holiness teaching that was embraced by many evangelicals who came from the more Calvinistic wing of Protestantism especially Anglicans Baptists Congregationalists and Presbyterians The Keswick Movement is the most difficult of the three main holiness traditions to delineate Unlike the Wesleyan Holiness and Holiness Pentecostal traditions the Keswick Movement has not gone through a definitive period of careful theological refining and institutional boundary setting
