Goyder,1990 This book is a concise guide to the significant social features of Canada as the country enters the 1990s the author uses John Porter s seminal work The Vertical Mosaic 1965 as a starting point for understanding current sociological theories and a base line for discovering how much our society has changed and how much it has remained the same over the past three decades By focusing on such topics as education immigration and internal migration minorities regions and nation hood Canada s power elites the book introduces the reader to the richness of past writings on Canadian society with exceptionally up to date data **8 Days of Crisis on the Hill; Political Blip...Or Stephen Harper's Revolution**

Derailed? Thomas W. Joseph,2009-05-14 Whew What a week that was as Canadians went from being the peaceable kingdom talking about the need for cooperation and consultation to what many described as a full blown national crisis The Prime Minister and Conservative Government had turned an economic crisis into a political crisis then a constitutional crisis And if that wasnt enough of a weeks work the Prime Minister managed to also turn it into a crisis of national unity And some say Canadian politics and politicians are boring Accusations of traitor coup dtat illegitimate undemocratic loss of confidence loss of trust socialist separatist and deals with the devil reverberated across the floor of the House of Commons Each of the crisis that engulfed the Hill over those eight days had political consequences for those involved and for the parliamentary system Stephen Harper may have survived to fight another day but in doing so he may have committed his most serious strategic error and will pay a heavy price for it over the next months and years It is my contention that he is as much a strategic stumbler as a master strategist and that his long term goal to make the Conservative party Canadas natural governing party and to move Canadian society to the right has been derailed **Proceedings of the Royal Society of Canada** Royal
