Cameron, Maureen Appel Molot, 1995-01-01      **Canadian Defence Policy in Theory and Practice** Thomas Juneau, Philippe Lagassé, Srdjan Vucetic, 2019-09-04 This edited volume provides a comprehensive overview of contemporary debates and issues in Canadian defence policy studies The contributors examine topics including the development of Canadian defence policy and strategic culture North American defence cooperation gender and diversity in the Canadian military and defence procurement and the defence industrial base Emphasizing the process of defence policy making rather than just the outcomes of that process the book focuses on how political and organizational interests impact planning as well as the standard operating procedures that shape Canadian defence policy and practices      **Canadian Foreign Policy, 1945-1954** R.A. MacKay, 1971-01-01      Deeply Canadian (2nd edition) Julie H. Ferguson, 2014-03-15 A part sequel to *Through a Canadian Periscope* Dundurn 1995 and 2014 the second edition of *Deeply Canadian* explains why the RCN needs submarines and tells the story of how Canada nearly lost her submarine service in the 1990s after decades of dedicated duty The book ends with the process to acquire four Victoria class submarines in the 1990s and their service to 2014 the year of the Canadian submarine service s centenary Available as an e book only and is best read on a tablet to enjoy the new and restored images      *Canada First, Not Canada Alone* Adam Chapnick, Professor of Defence Studies Adam Chapnick, Asa McKercher, Assistant Professor of History Asa McKercher, 2024 The definitive history of Canadian foreign policy since the 1930s *Canada First Not Canada Alone* examines how successive prime ministers have promoted Canada s national interests in a world that has grown increasingly complex and interconnected Case studies focused on environmental reform Indigenous peoples trade hostage diplomacy and wartime strategy illustrate the breadth of issues that shape Canada s global realm Drawing from extensive primary and secondary research Adam Chapnick and Asa McKercher offer a fresh take on how Canada positions itself in the world      **Canada as a selective power** Marcin Gabryś, Tomasz Soroka, 2017-12-31 The academic study of Canada has traditionally been the realm of Canadian scholars For this reason it is easy for outsiders to view Canada as a semi Nordic continental utopia existing peacefully under a benign government that seeks only peace and harmony in the world The reality is a more complicated story That is the strength of this outstanding new book written by two young Polish scholars specializing in Canadian affairs They have put together an impressively researched monograph that combines a detailed analysis outlining a rather basic premise The world has changed dramatically since 1989 and Canada has changed with it In this well argued narrative they argue that in recent years Canada s foreign policy has become one primarily based on interests rather than the promotion of untainted altruism or stereotypical Canadian values They argue that since 1989 Canadian foreign policy has moved from the more modest aims of a middle power to a more self assertive role of a selective power pursuing more narrowly chosen priorities and often based on simple profit and loss

calculations that have clashed with Canada's traditional favorable image in the world even if few outside of Canada seemed to notice      **The Canadian Magazine** ,1913      Canadians in a Dangerous World Colin S.
