**Generators, Bots, and Tutors: Creative Approaches to Human-AI Synergy in Classroom Instruction** Edwards, Bosede Iyiade, Abuhassna, Hassan, Olugbade, Damola, Ojo, Olayinka Anthony, Jaafar Wan Yahaya, Wan Ahmad, 2025-06-17 Emerging technologies are transforming education By incorporating gamification into the curriculum teachers are having an impact on the engagement

of their students leading to optimized learning experiences that still encourage human creativity. Additionally, with the use of virtual tutors, students have better access to educational resources that further their academic achievement. As a result, teachers are equipped to manage the individual learning needs and enhance the cognitive development of their students. Thus, it is important to refine these tools and products to achieve greater effectiveness in diverse educational settings.

**Generators Bots and Tutors: Creative Approaches to Human-AI Synergy in Classroom Instruction** aims to significantly contribute to the ongoing discourse on the integration of technology in education by presenting cutting-edge research that addresses both the theoretical frameworks and practical applications of digital learning tools. It introduces new perspectives on the role of artificial intelligence, AI-immersive technologies, and gamification in education and how these can be harnessed to optimize learning experiences. Covering topics such as non-player characters (NPCs), emotional connections, and classroom instructions, this book is an excellent resource for educators, instructional designers, educational administrators, policymakers, technology developers, educational technology entrepreneurs, professionals, researchers, scholars, academicians, and more.

**Examining AI Disruption in Educational Settings: Challenges and Opportunities** Kessinger, Michael W., Nelson, Gera S., Lennex, Lesia, Nettleton, Kimberly Fletcher, 2025-05-21. The role of AI in education is slowly growing. As a new technology, its uses and capabilities have not been fully realized or understood. AI provides many opportunities as well as challenges for supporting students, teachers, and skills development. However, from higher education faculty to preschool teachers, the ways in which AI can support planning, research, and student learning are not fully understood. When harnessed effectively, AI has important implications for overcoming global concerns and increasing educational equality.

**Examining AI Disruption in Educational Settings: Challenges and Opportunities** provides practical, researched examples of how AI has been applied in educational settings. It examines current AI policies and considers the ways in which education may change with the use of AI. Covering topics such as field experience, preparation, critical thinking skills, and global education patterns, this book is an excellent resource for pre-service teachers, in-service teachers, higher education faculty, technologists, professionals, researchers, scholars, academicians, and more.

*A Social-Scientific Examination of the Dynamics of Communication, Thought, and Selves* Sekalala, Seif, 2022-06-17. Intrapersonal communication has been considered and studied less in comparison to general communication and other related topics. Moreover, intrapersonal communication is usually mentioned in the context of studying other topics as opposed to being studied singularly. To fully understand the complexity and potential uses of this field of study, intrapersonal communication must be researched further.

*A Social-Scientific Examination of the Dynamics of Communication, Thought, and Selves* focuses on the concept of intrapersonal communication, discusses how and why we communicate with ourselves, and considers how scholars can help humans improve and harness intrapersonal communication in fields such as artificial intelligence. The book also makes a forceful case for the importance and potential utility of intrapersonal communication. Covering topics such as language, sociology, and cognitive science, this
