Marlow,2019-03-21 This multi disciplinary volume brings together the voices of biblical scholars classicists philosophers theologians and political theorists to explore how ecology and theology intersected in ancient thinking both pagan Jewish and Christian Ecological awareness is by no means purely a modern phenomenon Of course melting icecaps and plastic bag charges were of no concern in antiquity frequently what made examining your relationship with the natural world urgent was the light this shed on human relationships with the divine For in the ancient world to think about ecology was also to think about theology This ancient eco theological thinking whilst in many ways worlds apart from our own environmental concerns has also had a surprisingly rich impact on modern responses to our ecological crisis As such the voices gathered in this volume also reflect on whether and how these ancient ideas could inform modern responses to our environment and its pressing challenges Through multi disciplinary conversation this volume offers a new and dynamic exploration of the intersection of ecology and theology in ancient thinking and its living legacy **Catalogue of the War Poetry Collection** Birmingham Public Libraries,1921

**Rose Macaulay, Gender, and Modernity** Kate Macdonald,2017-07-20 This book is the first collection on the British author Rose Macaulay 1881 1958 The essays establish connections in her work between modernism and the middlebrow show Macaulay s attentiveness to reformulating contemporary depictions of gender in her fiction and explore how her writing transcended and celebrated the characteristics of genre reflecting Macaulay s responses to modernity The book s focus moves from the interiorized self and the psyche s relations with the body to gender identity to the role of women in society followed by how women and Macaulay use language in their strategies for generic self expression and the environment in which Macaulay herself and her characters lived and worked Macaulay was a particularly modern writer embracing technology enthusiastically and the evidence of her treatment of gender and genre reflect Macaulay s responses to modernism the historical novel ruins and the relationships of history and structure ageing and the narrative of travel By

presenting a wide range of approaches this book shows how Macaulay's fiction is integral to modern British literature by its aesthetic concerns its technical experimentation her concern for the autonomy of the individual and for the financial and professional independence of the modern woman There are manifold connections shown between her writing and contemporary theology popular culture the newspaper industry pacifist thinking feminist rage the literature of sophistication the condition of inclusionary cosmopolitanism and a haunted post war understanding of ruin in life and history This rich and interdisciplinary combination will set a new agenda for international scholarship on Macaulay's works and reformulate contemporary ideas about gender and genre in twentieth century British literature J. Bourne, 2000-11

**The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950** George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

*Voices of Silence* Vivien Noakes, 2006 There are many anthologies of poetry of the First World War reflecting the huge interest there is in this subject but *Voices of Silence* is unlike any of them

The poetry of the First World War has determined our perception of the war itself Yet this perception is based on the interpretation of a few poets who have become household names writers such as Wilfred Owen Siegfried Sassoon and Isaac Rosenberg Less literary but equally important the poetry gathered together in this volume has been drawn from old newspapers and journals trench and hospital magazines individual volumes of verse gift books postcards and an illicit manuscript magazine put together by conscientious objectors For the first time the huge body of rich exciting and often deeply moving work that complements the established literary canon has been revived It adds a new dimension to our perception of the immediate response to war not least in the soldiers recurring and important use of humour Written by the men for the men these verses reflect an aspect of the national character which contributes to our understanding of how they were able to endure
