Notable Speeches in Contemporary Presidential Campaigns Robert V. Friedenberg, 2002-03-30 Though many studies of contemporary campaigns focus on brief political advertisements and the growing impact of technology on contemporary campaigns the definitive statements of most candidates are still made in public addresses Friedenberg examines the first public address made by an American presidential candidate on his own behalf The circumstances giving rise to William Henry Harrison s 1840 address and the themes that he developed in that address are strikingly contemporary serving as an appropriate prelude to the examinations of contemporary political speaking that follow Those examinations focus on notable campaign speeches by John F Kennedy Barry Goldwater Richard Nixon Ronald Reagan Bill and Hillary Clinton and George W Bush Each study examines a key event that foreshadowed the speech studied Each study presents a rhetorical biography of the speaker including a discussion of the speechwriting team and preparation techniques utilized by the speaker Each study presents a thorough study of the campaign context in which the speeches were presented Each also presents a close reading and rhetorical analysis of the speech itself and observations on the impact of the speech Cumulatively Friedenberg s studies help to illustrate how even in today s high tech political environment of 30 second ads and candidate Web sites public speeches continue to play a crucial role in political campaigning Of particular interest to scholars and students involved with political communication and political American campaigning

**Campaign Fever** Charles McDowell, 1965 The collection

contains the draft 1964 together with page and galley proofs The Pulse of Politics James David Barber, 2017-09-29 Every four years journalists propel a presidential campaign into the national consciousness New candidates and issues become features of the political landscape while familiar rituals are reshaped by the unpredictability of personalities and events Underlying this apparent process of change however is a recurrent cycle of political themes and social attitudes a pulse of politics that locks the process of choosing a president into a predictable pattern In this bold and brilliant examination of modern presidential politics James David Barber reveals the dynamics of this cycle and shows how the pattern of drift and reaction may be broken in this most critical of political choices Barber probes beneath the surface of campaigns to detect a steady rhythm of major political motifs The theory he advances in colorful narrative chapters is that three dominant themes conflict conscience conciliation recur in foreseeable twelve year cycles A combative campaign Truman vs Dewey in 1948 is followed four years later by a moral crusade Eisenhower vs Stevenson in 1952 which in turn is succeeded by a contest to unify the nation the Eisenhower Stevenson rematch in 1956 The pattern is then renewed the fierce combat between Kennedy and Nixon in 1960 was followed in 1964 by the contest of principle between Johnson and Goldwater In 1968 Richard Nixon defeated Hubert Humphrey by promising to bring the nation together Monitoring shifting national political moods is a new elite the journalists Barber makes the case that the party system increasingly clumsy and inflexible can no longer pick up the

beat of politics Instead it is through newspapers magazines and television that the main themes of a campaign are sounded created and destroyed This new edition of The Pulse of Politics provides a timely guide to the themes of the 1992 presidential campaign and to future elections It will be of special interest to political scientists historians media analysts and journalists

*Nelson Rockefeller's Dilemma* Marsha E. Barrett, 2024-08-15 Nelson Rockefeller's Dilemma reveals the fascinating and influential political career of the four time New York State governor and US vice president Marsha E Barrett's portrayal of this multi faceted political player focuses on the eclipse of moderate Republicanism and the betrayal of deeply held principles for political power Although never able to win his party's presidential nomination Rockefeller's tenure as governor was notable for typically liberal policies infrastructure projects expanding the state's university system and investing in local services and the social safety net As the Civil Rights movement intensified in the early 1960s Rockefeller envisioned a Republican Party recommitted to its Lincolnian heritage as a defender of Black equality But the party's extreme right wing encouraged by its successful outreach to segregationists before and after the nomination of Barry Goldwater pushed the party to the right With his national political ambitions fading by the late 1960s Rockefeller began to tack right himself on social and racial issues refusing to endorse efforts to address police brutality accusing without proof Black welfare mothers of cheating the system or introducing harsh drug laws that disproportionately incarcerated people of color These betrayals of his own ideals did little to win him the support of the party faithful and his vice presidency ended in humiliation rather than the validation of moderate ideals An in depth insightful and timely political history Nelson Rockefeller's Dilemma details how the standard bearer of moderate Republicanism lost the battle for the soul of the Party of Lincoln leading to mainlining of white grievance populism for the post civil rights era
