Campaign Organization:

Political Campaign Communication Larry Powell, Joseph Cowart, 2017-12-06 Now in its third edition Political Campaign Communication Inside and Out examines the intricacies of political campaigning through the eyes of both an academic and a political consultant Unlike others in its field this text takes a broad view of political campaigning discussing both theories and principles along with topics such as political socialization the role of money ethics and critical events This new edition delves into ongoing changes in the American political environment with fuller examinations of women and gender the involvement of social media in political campaigning political money and ethics Advanced undergraduate and graduate students of political communication can make use of updated chapter by chapter discussion questions and online practice quizzes

Campaign Inc. Henry F. De Sio., Jr., 2014-09-01 It takes more than an excellent candidate to win elections it takes an outstanding campaign organization too Campaign Inc is the story of how leadership and organization propelled Barack Obama to the White House As the chief operating officer of Obama's 2008 presidential campaign Henry F De Sio Jr was positioned to view this historic campaign as few others could In this fascinating behind the scenes account he whisks readers into Obama's national election headquarters in Chicago to glimpse the decision making processes and myriad details critical to running a successful and innovative presidential campaign From the campaign's early chaos to the jubilation and drama of winning the Iowa caucus to the drawn out Democratic nomination process to Obama's eventual election as president of the United States De Sio guides readers through the challenges faced by the Obama for America campaign in its brief twenty one month lifespan De Sio shows readers that Obama himself was direct about his vision for the campaign when he instructed his staff to run it like a business Thus this is less the story of Barack Obama candidate and more the story of Barack Obama CEO Because campaigns are launched from scratch during every election cycle they are the ultimate entrepreneurial experience In the course of the election the Obama campaign scaled up from a scrappy start up to a nearly 1 billion operation becoming a hothouse environment on which the glare of the media spotlight was permanently trained Campaign Inc allows readers to peek behind the curtain at the underdog organization that brought down the Clinton campaign and later went on to defeat the Republican machine while offering lessons in leadership and organization to innovators executives and entrepreneurs

Schuck,1926 **Ground Wars** Rasmus Kleis Nielsen,2012-02-05 Political campaigns today are won or lost in the so called ground war the strategic deployment of teams of staffers volunteers and paid part timers who work the phones and canvass block by block house by house voter by voter Ground Wars provides an in depth ethnographic portrait of two such campaigns New Jersey Democrat Linda Stender s and that of Democratic Congressman Jim

Himes of Connecticut who both ran for Congress in 2008 Rasmus Kleis Nielsen examines how American political operatives use personalized political communication to engage with the electorate and weighs the implications of ground war tactics for how we understand political campaigns and what it means to participate in them He shows how ground wars are waged using resources well beyond those of a given candidate and their staff These include allied interest groups and civic associations party provided technical infrastructures that utilize large databases with detailed individual level information for targeting voters and armies of dedicated volunteers and paid part timers Nielsen challenges the notion that political communication in America must be tightly scripted controlled and conducted by a select coterie of professionals Yet he also quashes the romantic idea that canvassing is a purer form of grassroots politics In today s political ground wars Nielsen demonstrates even the most ordinary seeming volunteer knocking at your door is backed up by high tech targeting technologies and party expertise Ground Wars reveals how personalized political communication is profoundly influencing electoral outcomes and transforming American democracy
