Roger Cushing Aikin

Campidoglio Michelangelos Roman Capitol:

Campidoglio Alexander Liberman, Joseph Brodsky, 1994 Depicts Rome s Piazza del Campidoglio its statue of Marcus Aurelius and its palaces designed by Michelangelo Architecture in Italy, 1500-1600 Wolfgang Lotz, 1995-01-01 This classic work presents a stimulating survey of the most exciting and innovative period in the history of architecture Lotz also goes beyond the more familiar locations architects and buildings to conquer less well known territories exploring Piedmont and Vitozzi and ending with a study of bizzarrie A Journey Into Michelangelo's Rome Angela K Nickerson, 2008-03-01 From St Peter s Basilica to the Capitoline Hill this unique resource part biography part history and part travel guide provides an intimate portrait of the relationship between Michelangelo and the city he restored to artistic greatness Lavishly illustrated and richly informative this travel companion tells the story of Michelangelo s meteoric rise his career marked by successive artistic breakthroughs his tempestuous relations with powerful patrons and his austere but passionate private life Providing street maps that allow readers to navigate the city and discover Rome as Michelangelo knew it each chapter focuses on a particular work that amazed Michelangelo s contemporaries and modern tourists alike Perspectives on Public Space in Rome, from Antiquity to the Present Day Jan Gadeyne, 2016-04-22 This volume provides readers interested in urban history with a collection of essays on the evolution of public space in that paradigmatic western city which is Rome Scholars specialized in different historical periods contributed chapters in order to find common themes which weave their way through one of the most complex urban histories of western civilization Divided into five chronological sections Antiquity Middle Ages Renaissance Baroque Modern and Contemporary the volume opens with the issue of how public space was defined in classical Roman law and how ancient city managers organized the maintenance of these spaces before moving on to explore how this legacy was redefined and reinterpreted during the Middle Ages The third group of essays examines how the imposition of papal order on feuding families during the Renaissance helped introduce a new urban plan which could satisfy both functional and symbolic needs The fourth section shows how modern Rome continued to express strong interest in the control and management of public space the definition of which was necessarily selective in this vastly extensive city The collection ends with an essay on the contemporary debate for revitalizing Rome s eastern periphery Through this long term chronological approach the volume offers a truly unique insight into the urban development of one of Europe s most important cities and concludes with a discuss of the challenges public space faces today after having served for so many centuries as a driving force in urban history **Architecture of Italy** Jean Castex, 2008-01-30 Covering all regions of Italy from Turin s Palace of Labor in northern Italy to the Monreale Cathedral and Cloister in Sicily and all periods of Italian architecture from the first century Colosseum in Rome to the Casa Rustica apartments built in Milan in the 1930s this volume examines over 70 of Italy s most important architectural landmarks Writing in an authoritative yet engaging style Jean Castex professor of architectural history at the Versailles School of Architecture describes the features functions and historical

importance of each structure Besides identifying location style architects and periods of initial construction and major renovations the cross referenced and illustrated entries also highlight architectural and historical terms explained in the Glossary and conclude with a useful listing of further information resources The volume also offers ready reference lists of entries by location architectural style and time period as well as a general bibliography a detailed subject index and a comprehensive introductory overview of Italian architecture Entries cover major architectural structures as well as smaller sites including everything from the well known dome of St Peter's at the Vatican to the Fiat Lingotto Plant in Turin Ideal for college and high school students as well as for interested general readers this comprehensive look at the architecture of Italy is an indispensable addition to every architectural reference collection *The Roman Capitol in Ancient and Modern Times* Emmanuel Rodocanachi, 1906
