## **Campus Security Situational Crime Prevention In Highdensity Environments:**

Campus Security George F. Rengert, Mark T. Mattson, Kristin D. Henderson, 2001 This book should be required reading for all campus law enforcement and security professionals Describes the factors related to the level of crime on college campuses Topics covered include development of campus security systems preventative measures victimization surveys perception of crime on campus and high definition geographic information systems The Oxford Handbook of Criminological Theory Francis T. Cullen, Pamela Wilcox, 2015-12 This handbook presents a series of essays that captures not the past of criminology but where theoretical explanation is headed The volume is replete with ideas discussions of substantive topics with salient theoretical implications and reviews of literatures that illuminate avenues along which theory and research evolve The Criminal Act M. Andresen, G. Farrell, 2015-01-29 This volume provides a unique collection of essays in honour of the work of Marcus Felson and his notable contribution to routine activity theory environmental criminology and the discipline more broadly Chapter 5 of this book is open access under a CC BY license Become a Problem-Solving Crime Analyst Ronald Clarke, John E. Eck, 2014-06-03 Crime analysis has become an increasingly important part of policing and crime prevention and thousands of specialist crime analysts are now employed by police forces worldwide This is the first book to set out the principles and practice of crime analysis and is designed to be used both by crime analysts themselves by those responsible for the training of crime analysts and teaching its principles and those teaching this subject as part of broader policing and criminal justice courses The particular focus of this book is on the adoption of a problem solving approach showing how crime analysis can be used and developed to support a problem oriented policing approach based on the idea that the police should concentrate on identifying patterns of crime and anticipating crimes rather than just reacting to crimes once they have been committed In his foreword to this book Nick Ross presenter of BBC Crime Watch argues passionately that crime analysts are the new face of policing and have a crucial part to play in the increasingly sophisticated police response to crime and its approach to crime prevention You are the brains the expert the specialist the boffin **The New Security** Helen Forbes-Mewett, 2018-04-24 The New Security places the concept of security under the spotlight to analyse its meaning in an original and contemporary context In so doing Forbes Mewett revisits the notion from the perspectives of individuals and communities to understand what security means in our culturally diverse contemporary society Chapters highlight the extent of the shift of traditional uses of the term from the established perspective of international relations to a more commonly used concept which now broadly relates to many aspects of peoples everyday experiences Based on empirical studies of security in relation to housing employment food personal security and campus settings in times of perceived heightened risk this book presents new and different ways of thinking about security to demonstrate how we need to expand the dialogue surrounding the concept Drawing on empirical research to describe analyse and reposition the concept of security to have meaning in diverse everyday contexts this

methodological and insightful text will be of particular interest to scholars and students of criminological theory security studies and sociology

**Place Matters** David Weisburd, John E. Eck, Anthony A. Braga, Cody W. Telep, Breanne Cave, Kate Bowers, Gerben Bruinsma, Charlotte Gill, Elizabeth R. Groff, Julie Hibdon, Joshua C. Hinkle, Shane D. Johnson, Brian Lawton, Cynthia Lum, Jerry H. Ratcliffe, George Rengert, Travis Taniguchi, Sue-Ming Yang, 2016-04-04 Over the last two decades there has been increased interest in the distribution of crime and other antisocial behavior at lower levels of geography The focus on micro geography and its contribution to the understanding and prevention of crime has been called the criminology of place It pushes scholars to examine small geographic areas within cities often as small as addresses or street segments for their contribution to crime Here the authors describe what is known about crime and place providing the most up to date and comprehensive review available Place Matters shows that the study of criminology of place should be a central focus of criminology in the twenty first century It creates a tremendous opportunity for advancing our understanding of crime and for addressing it The book brings together eighteen top scholars in criminology and place to provide comprehensive research expanding across different themes

*The Dark Side of the Ivory Tower* John J. Sloan III, Bonnie S. Fisher, 2010-09-30 A cursory reading of the history of US colleges and universities reveals that campus crime has been part of collegiate life since the Colonial Era yet it was not until the late 1980s that it suddenly became an issue on the public stage Drawing from numerous mass media and scholarly sources and using a theoretical framework grounded in social constructionism this text chronicles how four groups of activists college student advocates feminists victims and their families and public health experts used a variety of tactics and strategies to convince the public that campus crime posed a new danger to the safety and security of college students and the ivory tower itself while simultaneously convincing policymakers to take action against the problem Readers from a range of disciplinary interests will find the book both compelling and valuable to understanding campus crime as a newly constructed social reality

**Campus Crime** Bonnie Fisher, John J. Sloan, 2007 Criminologists political scientists sociologists planners lawyers security experts and policy advocates address the most pressing crime and security issues that continue to face post secondary administrators and their students faculty and staff Each chapter addresses a specific issue presents original research bearing on the issue and discusses policy implications for higher education of the research While some chapters continue to address long standing topics such as sexual victimization and the role of campus police departments many chapters address new and emerging topics such as stalking computer hacking and identity theft The final part of the book suggests future directions for research programs and policies Here the authors review some of the major questions about campus crime and security that are still in need of answers and relate these to programs and policy decisions by campus administrators
