Can Death Be A Harm To The Person Who Dies:

Can Death Be a Harm to the Person Who Dies? J. Li, 2013-03-14 It is with great pleasure that I write this preface for Or Li's book which addresses the venerable and vexing issues surrounding the problem of whether death can be a harm to the person who dies. This problem is an ancient one which was raised long ago by the early Greek philosopher Epicurus who notoriously argued that death is at no time a harm to its victim because before death there is no harm and after death there is no victim. Epicurus's conclusion is conspicuously at odds with our prereflective and in most cases our post reflective intuitions and numerous strategies have therefore been proposed to refute or avoid the Epicurean conclusion that death cannot be an evil after all. How then are we to account for our intuition that death is not just an evil but perhaps the worst evil that may befall us? This is the key issue that Or Li addresses. Or Li's book explores various alternative approaches to the complex and difficult issues surrounding Epicurus's notorious argument and provides a defence of the intuitively plausible conclusion that death can indeed be a harm to the person who dies. This challenge to Epicurus's claim that death is never a harm to the person who dies is developed by way of a detailed exploration of the issues raised not only by Epicurus but also by his many successors who have responded variously to the challenging issues which Epicurus raised. *Death, Posthumous Harm, and Bioethics* James Stacey Taylor, 2012-10-12 *Death Posthumous Harm and Bioethics* offers a highly distinctive and original approach to the metaphysics of death and applies this approach to contemporary debates in bioethics that address end of life and post mortem issues. Taylor defends the controversial Epicurean view that death is not a harm to the person who dies and the neo Epicurean thesis that persons cannot be affected by events that occur after their deaths and hence that posthumous harms and benefits are impossible. He then extends this argument by asserting that the dead cannot be wronged, finally presenting a defence of revisionary views concerning posthumous organ procurement. *Can Death be a Harm to the Person who Dies?* Jack Li, 2000 *Philosophy in The Twilight Zone* Noël Carroll, Lester H. Hunt, 2009-03-30 Utilizing a series of essays examining the broad philosophical concepts embedded in Rod Serling's series *The Twilight Zone*, *Philosophy in The Twilight Zone* provides a platform for further philosophical discussion. Features essays by eminent contemporary philosophers concerning the overarching themes in *The Twilight Zone* as well as in depth discussions of particular episodes. Fuses popular cult entertainment with classical philosophical perspectives. Acts as a guide to unearthing larger questions from human nature to the nature of reality and beyond posed in the series. Includes substantial critical and biographical information on series creator Rob Serling. **Encyclopedia of Ethics** Lawrence C. Becker, Charlotte B. Becker, 2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised, expanded and updated this classic encyclopedia. Along with the addition of 150 new entries, all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features. New entries include Cheating Dirty hands, Gay
