Political Correctness Does More Harm Than Good: How to Identify, Debunk, and Dismantle Dangerous Ideas

Douglas Kruger, 2020-10-27 Political Correctness Does More Harm Than Good It s a surprising assertion Isn t PC culture all about kindness About protecting victimized groups If you trace the history of political correctness the answer is emphatically no It has other goals in mind and has since its inception with thinkers like Rousseau Author Douglas Kruger traces the unfolding ideology from its dark genesis the French Revolution and subsequent terror through its various incarnations Marxism relativism post modernism and all the way to today s identity politics He points out the flaws fallacies and in many cases the body counts these ideologies have wracked up Uniquely this book then goes one step further It is not merely descriptive history it is not just explanatory philosophy This is a debate guide a how to manual for those interested in attacking these harmful ideas head on Do you know how to articulate what is wrong with woke arguments Do you know how to defend the Western tradition against relentless onslaught from the PC Police Here is how step by step and argument by argument Become a master at identifying debunking and dismantling dangerous ideas Add your voice to the culture wars and learn precisely how to fight for tried and tested Western values values like science democracy logic rule of law and the Judeo Christian tradition of human rights and values As it turns out you can have truth or you can have political correctness but you can t have both Award winning speaker and author Douglas Kruger also provides you with supplemental how to videos on his site www.BreakingWoke.com
