**Inventing Christic Jesuses: Rules and Warrants for Theology** Charles A. Wilson, 2018-11-01 In the first comprehensive proposal for revisionist theology's deployment of historical Jesus research *Inventing Christic Jesuses* rejects positions that insulate theology from Jesus research By setting out theological methods warrants and rules in dialogue with an analysis of the Jesus historians of the Third Quest c 1980-2010 the study charts a path toward a quested christology positioned between categorical rejection and uncritical acceptance of historical results on Jesus Volume 1 *Method* analyzes the methods and values of historical research on Jesus and identifies the retrojective activity of value production when historians in conversation with historical sources invent images of Jesus Volume 2 *Christological Recommendations* gathers potential contributions of Jesus research for revisionist theology according to the cataphatic apophatic and eminent pattern of classical theology By attending to the limits and opportunities afforded by historical research both negative and positive the argument retrieves for theology the complex way that historians shape same and different association and dissociation in the production of their Jesuses Then it analyzes how values shape Jesuses in a pervasive Narcissus project to invent a self and a community through imaging Jesus Proposing that the disciplined invention of Jesuses is highly useful for theology the book ends with recommendations for a quested christology
