Canada Among Nations 1996 Big Enough To Be Heard:

Canada Among Nations, 1997 Fen Hampson, 1997-08-15 Asia Pacific Face Off is the thirteenth in the Canada Among Nations series published by The Norman Paterson School of International Affairs In recognition of the government's designation of 1997 as Canada's Year of Asia Pacific the volume focuses on aspects of Canada's relations with the countries in this region During 1997 Canada will host the annual Leaders Meeting of the Asia Pacific Economic Cooperation APEC forum and a number of apec ministerial meetings As many of our contributors suggest Canada has not yet acquired much of a presence in the Asia Pacific region and we have some distance to go before our status as an Asia Pacific nation is taken seriously by our APEC partners The high profile of Team Canada missions should not be mistakenly interpreted as evidence of concerted Canadian policy with respect to Asia Pacific In terms of educational or economic linkages with the countries of APEC Canada could take lessons from Australia a country whose policies our authors compare with Canada's Canada Among Nations, 1996 Fen Osler Hampson, Maureen Appel Molot, 1996-01-01 Canada is a relatively small player on the world scene but is still big enough to be heard The theme of this year's volume of Canada Among Nations is the need for choices in Canadian foreign policy In an environment of fiscal constraint the necessity of choice is related to establishing priorities within the multitude of international organizations to which Canada belongs If we can no longer afford to be a member of a large number of international institutions which memberships will we uphold and on what grounds will we decide These questions and others are addressed from a variety of standpoints As in the past each article in Canada Among Nations is a free standing contribution Contributors have their own distinctive viewpoints and perspectives on where Canada stands in the community of nations and where the country's foreign policy priorities should lie *Canadian Books in Print. Author and Title Index*, 1975 **Chrétien and the World** Jack Cunningham, John Meehan, 2025-09-15 Conventional wisdom holds that foreign policy was not a priority for Jean Chrétien over his ten years as Canadian prime minister Chrétien and the World combines the perspectives of key players of the time with analyses by leading scholars to reveal something unexpected an often ambitious activist approach to international affairs Contributors draw on personal recollections interviews and research to portray a coherent and engaged foreign policy Chrétien responded to events that reshaped the international landscape notably 9/11 the war on terror the US led invasion of Iraq and Canadian involvement in Afghanistan Working with trusted ministers he emphasized trade liberalization strong bilateral and multilateral relations human security and humanitarian intervention Often characterized as purely pragmatic Chrétien's tenure in fact marked a high point of liberal internationalism This insightful collection demonstrates how Canada navigated crucial years between the end of the Cold War and the emergence of a new geopolitical reality Canadian Book Review Annual, 1996 Transatlantic Partners Evan H. Potter, 1999 The end of the Cold War and the advent of the European Union EU as an emerging political actor have fundamentally changed Canada's approach to its relations with Western Europe Trans Atlantic Partners traces the Canadian

Government's reassessment of its traditional Atlanticist foreign policy orientation by looking at the rising importance of the EU as a key pillar in Canada's post World War II trans Atlantic relations **Canada Among Nations** ,1996 *Unsettled Balance* Rosalind Warner,2015-04-15 Since 9 11 the wars on terror economic crises climate change and humanitarian emergencies have forced decision makers to institute new measures to maintain security Foreign policy analysts tend to view these decisions as being divorced from ethics but *Unsettled Balance* shows that arguments about rights obligations norms and values have played a profound role in Canadian foreign policy and international relations since the 1990s The contributors to this volume examine a range of topics from funding for climate change adaptation to the militarization of humanitarian aid to collectively explore three key questions What is the meaning of ethics and security and how are they linked To what extent have considerations of ethics and security changed in the twenty first century And what are the implications of a shifting historical context for Canada's international relations Their conclusions are essential reading for anyone who wants to understand not only how Canada responds to global challenges but also why it responds the way it does

Creating a Failed State John W. Warnock,2008 By the end of 2001 the United States and its local allies had chased the hated Taliban government out of Afghanistan They had begun a process to create a new constitution and elect a government

and the United Nations was leading a broad coalition starting reconstruction and development Canada made major commitments to this project but the Taliban are back The war restarted and looks to have no end in sight As John Warnock so deftly explains this situation is only understandable within a broad geopolitical framework Under the guise of intending to capture Osama bin Laden and the al Qaeda perpetrators of the 9 11 attacks Afghanistan became a target for U S imperialism and its desire to dominate the world and its oil and gas resources Shamefully but not surprisingly successive Canadian governments have participated in this imperialist adventure in Central Asia *Canadian Foreign Policy* Andrew Fenton Cooper,1997 **Independence in an Age of Empire** Dalhousie University.
