Canada Among Nations 2004 00 David Carment, Fen Osler Hampson, Norman Hillmer, 2005 *Canada Among Nations, 2004* David Carment, Fen Osler Hampson, Norman Hillmer, 2005-01-17 The last foreign policy review was conducted in 1995 and there has been no thoroughgoing decisive public reconsideration of the significance of the terrorist attacks against the United States the violent response in U S policy and action wars in Afghanistan and Iraq tests and failures of the United Nations Security Council and the transformed quality of relations along the Canada U S border Still less has there been any open extensive government led reassessment of the obligations of continental defence or the new and future accommodations required to realign Canada s relations with the United States and the rest of the world Policy initiatives have instead looked temporizing and partial So Near Yet So Far Geoffrey Hale, 2012-05-01 *So Near Yet So Far* provides in depth look at the multiple dimensions of Canada US relations particularly since 9 11 Based on almost 200 interviews with government policy makers opinion shapers and interest group leaders in both countries this book considers the interaction of domestic and cross border politics at several levels including political strategic trade commercial cultural psychological and institutional procedural It will appeal to practitioners scholars and citizens of both countries who want a better understanding of how the Canada US relationship works and can be made to work more effectively Balanced and fair it gets to the core issues without distorting perspectives on either side of the border Canadian Foreign Policy Steven Kendall Holloway, 2006-01-01 *Canadian Foreign Policy* Defining the National Interest will contribute greatly to intelligent democratic debate about what Canada should do globally Joseph Masciulli St Thomas University *Global Security Governance* Emil J. Kirchner, James Sperling, 2007-04-11 This book demarcates the barriers and pathways to major power security cooperation and provides an empirical analysis of threat perception among the world s major powers Divided into three parts Emil Kirchner and James Sperling use a common analytical framework for the changing security agenda in Canada France Germany Italy Japan the Russian Federation the United States the United Kingdom and the EU Each chapter features an examination of national exceptionalism that accounts for foreign and security policy idiosyncrasies definitions of the range of threats preoccupying the government foreign policy elites and the public assessments of the institutional and instrumental preferences shaping national security policies investigations on the allocation of resources between the various categories of security expenditure details on the elements of the national security culture and its consequences for security cooperation *Global Security Governance* combines a coherent theoretical framework with strong comparative case studies making it ideal reading for all students of security studies *Canadian Books in Print. Dreamland Roy Rempel, Queen's University (Kingston, Ont.). School of Policy Studies, Breakout Educational Network, 2006 Roy Rempel argues that the past decade has been marked by an ideological and domestically driven foreign policy agenda that has lost sight of the national interest As a consequence Canada's policy options are narrowing national sovereignty is eroding and the country risks evolving into a protectorate of the United States Dreamland analyzes how Canada's foreign policy has subverted the myths that Canadians believe about themselves and their place in the world Rempel champions the development of a non ideological foreign policy that puts the security and prosperity of Canadians first He shows that a true partnership with the United States can lead to a pivotal bilateral relationship that would be to Canada's international advantage Dreamland makes it clear that a renewal of Canada's foreign policy can occur only if the conditions for a serious strategic culture are established with national institutions capable of setting clear policy priorities and objectives based on the country's national interests

From Pride to Influence Michael Hart, 2009-04-30 Recent Canadian foreign policy has fixated upon Canada's former status as a middle power within a small club of western democratic states The emergence of a US dominated world and of an integrated North American economy and the decline of multilateral rules and institutions as prime instruments of global governance have left Canadian foreign policy searching for new purpose and direction From Pride to Influence brings Canadian foreign policy into the twenty first century by grounding it in a conception of the national interest that accepts the primacy of the United States in guaranteeing Canadian national security and prosperity It will appeal to the engaged public practitioners analysts and senior undergraduate and graduate classes focused on Canadian foreign policy
