Mangan, 2013-03-07 The contributors to this volume examine the aspects of the cultural associations, symbolic interpretations and emotional significance of the idea of empire and to some extent with the post imperial consequences. Collectively and cumulatively their view is that sport was an important instrument of imperial cultural association and subsequent cultural change promoting at various times and in various places imperial unity, national identity, social reform, recreational development and post imperial goodwill. **Redpath** Richard Feltoe, 1991-08-15 Redpath today a household name for sugar in Canada has its roots in the story of an enterprising Scots immigrant initially a stone mason and later a building contractor during the boom days of Montreal's growth from a small provincial centre to a major North American city. In 1854 the ever energetic John Redpath by then a self made millionaire in his late fifties launched a new career as an industrialist. With his son Peter and the gifted George Alexander Drummond as manager he established Canada's first successful sugar refinery. The Redpath story encompasses the influence of sugar as an economic force, the emergence of the elegant social life of cosmopolitan Montreal and a hind sight view of the complexities of the love hate relationship between government and business. This the first of two volumes moves through Canada's period of extensive industrialization to the turn of the century, the impact of World War I and concludes in the post war years. Throughout this period the familiar Redpath trademark a reproduction of John Redpath's signature is a reminder of the heritage inherent in Canada's business and social history. **Bloody York** David Skene-Melvin, 1996-10-09 Thirteen Canadian writers from the late nineteenth century to today find intrigue, mystery and terror in the familiar streets and places of Toronto. *In Review; Canadian Books for Young People*, 1978.
